PENSION BILL IS PASSED

MEASURE IS PUT THROUGH THE SENATE.

Washington, Feb. 7.—A debate upon Cuba was precipitated in the house today by Mr. Robinson, of Indiana, who criticised the salaries paid in the Philippines. He suggested to Mr. Newlands, of Nevada, that he should add to his Cuban annexation resolution a provision that such annexation would be in line with the government's colonial policy. Mr. Newlands declared that his resolution did not contemplate the perpetuation of the colonial policy, but it was the declared intention to have Cuba ultimately admitted as a state. He said that immediate relief was necessary to prevent a crisis in Cuba.

IN THE HOUSE.

Washington, Feb. 7.—This was the day in the house which belonged under the rules to the committee on war claims, but Mr. Mahon, of Pennsylvania, chairman of that committee, announced that he did not desire to antagonize the legislative appropriation bill and asked that the day following the disposal of the oleomargerine bill be given to that committee. There was no objection and the order was made. The house then went into committee of the whole and resumed the consideration of the legislative appropriation bill.

Mr. Smith, of Arizona, offered an amendment to increase the salary of the governor of that territory from $3,000 to $5,000 and used his amendment as a text for an assault upon the appropriations committee for discriminating against Arizona, New Mexico and Oklahoma and in favor of Hawaii in the matter of salaries for executive and judicial officers.

Mr. Hemenway, of Indiana, in charge of the bill, called attention to the fact that salaries in Hawaii were fixed by statute and that the salaries of the territories compared favorable with similar salaries in the states.

Mr. Smith's amendment was ruled out on a point of order.

IN THE SENATE.

Washington, Feb. 7.—When the senate convened today it disagreed to the amendments of the house on the urgent deficiency bill, agreed to the conference asked and appointed Senators Hale, Allison and Teller as conferees on the part of the senate.

A bill appropriating $200,000 for the erection of a public building at New Castle, Pa., was passed at the request of Mr. Quay, of Pennsylvania, who asked this indulgence of the senate, as under orders of his physician he would be obliged tomorrow to leave the city for an indefinite period.

At the conclusion of routine business Mr. Patterson, of Colorado, made a personal explanation of what he had said concerning Governor Taft's attitude toward the treason and sedition laws enacted by the Philippine commission. Governor Taft, he said, had made a statement before the Philippine commission in which he said that Mr. Patterson, inadvertently had conveyed a wrong impression to the senate and to the country as to his attitude toward those laws. Mr. Patterson's statement, Governor Taft said, had put him in the attitude of criticising his colleagues on the commission. The particular statute was enacted while he was ill, but by anything he may have said he did not intend to convey the impression that he was opposed to laws enacted. The responsibility for their enactment was as much his as of his colleagues.

Mr. Patterson said he had stated in his own way the impression Governor Taft's original statement had made upon him. That impression, he said, was wrong. "Governor Taft not only does not disagree with the law," he added, "but approves of it as peculiarly necessary."

Mr. Patterson disclaimed any intention or desire to misrepresent Governor Taft.

The senate passed the pension appropriation bill and resumed consideration of the Philippine tariff bill. Mr. Turner, of Washington, took the floor and spoke against the bill and general policy of the republican party in connection with the islands.

KILLED FANCY BIRDS.

George Albanus, of Hoagland avenue, who recently purchased some very fine chickens of the Buff Cochin variety, is also the owner of a handsome St. Bernard dog. Last night the dog grew belligerent, and eight of the fancy fowls were killed. The poultry was valued at $50.

WATER PIPE BURST.

A water pipe in the dental office of Dr. H. C. Sites burst early last evening and the display window in Blitz's cigar store directly below was flooded, doing considerable damage to a lot of pipes and other smokers' goods.

WORKING ON A STATEMENT

REVISION COMMITTEE WILL FORMULATE BRIEF.

Committee Working in Harmony on the Subject—Some Tentative Statements.

Philadelphia, Pa., Feb. 7.—By a unanimous vote the Presbyterian committee on creed revision decided to devote both sessions today to the consideration of a brief statement of the confession of faith which will prove acceptable to the entire Presbyterian church. After the morning session it was announced that the committee were in harmony on the subject, but that no definite conclusion had as yet been reached.

The committee have not fixed any time for final adjournment and it is probable that the sessions will continue until a complete report has been prepared for the next general assembly.

Rev. Dr. William H. Roberts, stated clerk of the last Presbyterian general assembly, who is a member of the general committee, gave out the following statement at the conclusion of yesterday afternoon's session of the committee:

"The committee has decided tentatively to revise the doctrines of the third chapter of the confession by declaratory statement; also chapter x, section 3, on the salvation of all infants; also chapter xvi, section 7, on good works. The other parts, chapter xxii, section 3, on oaths, and chapter xxv, section 6, by revision of the text. They appointed subcommittees to prepare a final form."

TWO FIRES IN CHICAGO.

Chicago, Feb. 7.—The five-story warehouse at 148 Michigan avenue was destroyed by fire today, entailing a loss of $80,000. The fire broke out in the basement and burned rapidly. An hour later it was believed the fire was about subdued and a number of engines left to fight a fire that had meanwhile broken out on Randolph street three blocks away. Suddenly there was an explosion, presumably of gas, and the whole building was in flames. The Sanford building at 38 Randolph street was destroyed by fire today. The building was occupied by the George Watson Paint and Oil company and George F. Rosche & Co., pianos. The loss is estimated at $60,000. A large number of pupils of a business college in the Trude building, adjoining, were almost panic stricken, but were marched out in good order.

INJURED IN A FALL.

Richard Allen, residing near the corner of Wayne and Clinton streets, was painfully injured by a fall upon the slippery sidewalk in front of the Granneman drug store this morning. Mr. Allen was unable to arise, but was picked up and carried into the drug store, where Dr. W. E. Stemen attended him. Mr. Allen's hip was painfully injured, but he was later able to walk to his home.

QUIET CABINET MEETING.

Washington, Feb. 7.—No business of importance was transacted at the cabinet meeting today. The president had each member of the cabinet give him his views on the question of registering laborers in the government service. It is not proposed, it is said, to put laborers under the civil service, but to classify and register them.

GOVERNOR GENERAL RESUMES HIS TESTIMONY.

Washington, Feb. 7.—The senate committee on Philippines today continued its consideration of the question of the revenue of the Philippine islands, Governor Taft still being on the stand. He began his statement with an explanation of that portion of his testimony of yesterday to the effect that sentiment was the main reason for asking a substantial reduction of the rates of the Dingley law so far as they apply to the Philippines, saying he feared that the statement might be misunderstood. The idea he had meant to convey by that statement was that the Philippine commission welcomes every evidence of a desire on the part of the American people to aid the Philippine administration in its work. That in time such a concession as was proposed would be of vast benefit to the farmers of the islands—and practically all the inhabitants were farmers—he did not doubt. He was sure the political effect would be good, but that there would be any immediate substantial effect he did not think was true, regardless of the statement made in his official report that such a reduction would cause an advance in trade by "leaps and bounds." He did not mean to withdraw the recommendation; on the contrary, he would be glad to have a reduction of 50 per cent. Governor Taft also explained that he had not intended to convey the idea that the 65,000,000 acres of land in the Philippines not controlled by private ownership is arable. Much of the area is, he said, covered by mountain ranges and is not therefore capable of cultivation.

In response to a suggestion from Senator Culberson, Governor Taft said he did not think the bill providing a tariff between the United States and the Philippines should be temporary, as is the case with reference to the Porto Rican bill.

Speaking of the new revenue bill passed by the Philippine commission, he said that so far the effect is conjectural, but that it was hoped the amount under the impetus it would give to the trade would soon equal the returns secured under the old law, which was $9,000,000 or $10,000,000. There had so far been a great increase in the importation of food products, especially canned goods, which came principally from the United States and Spain. Governor Taft explained the contracts which have been let for harbor improvements, involving an expenditure of $3,000,000, and in response to questioning by Mr. Hale said that contracts also had been let for the construction of twenty launches or small sea-going boats for the transportation of mail of provincial officers. The cost for these boats will be $1,000,000. He had asked for bids from San Francisco, he said, but they were so high the commission was obliged to contract for them with Shanghai and Japanese firms.

Governor Taft asked for power to pass general corporation laws. Most of the enterprises there now, he explained, are controlled by English capital.

Mr. Dubois wanted to know if it would not be advantageous for the government to build and control railroads, telephones, etc.

"That is a question of general economic consideration," answered Governor Taft, "which the commission wishes to avoid."

Reverting to the subject of corporations, Governor Taft thought it would be wise for congress to give to the commission some discretionary power in the matter of building of railroads.

LUTHER OTTO DROPS DEAD.

Luther Otto, a well known farmer, residing upon the Auburn road ten miles north of the city, dropped dead, presumably from heart disease at 1 o'clock this afternoon. He had been splitting wood, and returning to the house suddenly exclaimed "Oh, my heart," fell to the floor and expired in two minutes. Coroner Barnett, who is in Auburn today, has been notified.

FAMOUS PAINTER DEAD.

London, Feb. 7.—Thomas Sidney Cooper, the painter, who had exhibited at the Royal Academy for sixty-seven consecutive years, died today at his residence, Vernon Holme, Harbledown, the spot near Canterbury immortalized by Chaucer. Mr. Cooper, who was the oldest academician, had been ill for some time. He was born in 1803.

WILL BOWL IN GARRETT.

The Eureka bowling team will leave this evening for Garrett, where they will play a return game. The Garretts defeated the home team recently and the Eurekas expect to retrieve the defeat this evening. At the Eureka alleys last evening Master Frank Farnan, the youngest bowler in the city, made three remarkable successive scores—228, 229 and 211.

ARE DOCKETED FOR TRIAL

ST. LOUIS BOODLERS TO BE ARRAIGNED SOON.

Wainwright, the Millionaire, is Not in the Country at Present—The Thompson Case.

St. Louis, Feb. 7.—The cases of five of the menindicted by the December grand jury in connection with the suburban bribery case were docketed today for trial in the criminal court, as follows:

Charles Kratz, former councilman, charged with bribery, February 27; Emil Meisenberg, former member of the house of delegates, charged with bribery, March 13; Julius Lehmann, former member of the house of delegates, charged with perjury, March 17; Harry A. Faulkner, member of the house of delegates, charged with perjury, March 24, and Henry Nicolaus, the millionaire brewer and director of the St. Louis and Suburban railway, charged with bribery, March 25. The case against Ellis Wainwright, the other millionaire brewer, also indicted for bribery, is not set for trial. Mr. Wainwright is in Egypt at present and the warrant cannot be served on him until his return to the United States.

THOMPSON CASE POSTPONED.

Kalamazoo, Mich., Feb. 7.—The examination of Charles H. Thompson, an employe of the Hammond Packing company, on the charge of offering a bribe to State Food Commissioner Snow, for the alleged purpose of preventing interference with the sale of colored oleomargerine, was postponed today until February 20. J. F. Meagher, of Chicago, chief counsel for the defense, was unable to be present today.

AUTOMOBILE CONCERN FAILS.

Trenton, N. J., Feb. 7.—Papers were filed in the offices of the clerk in chancery today showing the appointment at Newark yesterday, by Vice Chancellor Stevens, of a receiver for the Automobile company of America. The appointment is made temporary and a rule to show cause is granted returnable before the vice chancellor at Newark on Tuesday next. The application for a receiver was made by V. Everett Macy and others. They state in the application that the company is insolvent, but that probably with proper management it could be made profitable. The company's liabilities are given at $325,167, of which $135,000 consists of commercial paper. The petition sets forth that the company is capitalized at $5,000,000, and of this amount only $350,000 was paid in cash, the balance having been expended for patent rights. The company's plant is located in Jersey City and 150 men are employed at the works.

A SMUGGLER CAUGHT.

San Francisco, Feb. 7.—The custom house officials here have arrested Frank D. Burton on a charge of smuggling. With him was captured a trunk containing opium valued at $1,200, which had been shipped from Tacoma to Oakland. The authorities believe that Burton is connected with the gang that for some time has been successfully smuggling opium across the Canadian border. Burton was caught in the act of opening the trunk. He claims to have recently arrived from the Klondike and says he got the trunk for a friend.

BEAT OUT WIFE'S BRAINS.

Topeka, Kas., Feb. 7.—Because she was about to secure a divorce from him, John Kay, employed in a flour mill, beat his wife to death with a flat iron and then attempted to hang himself from a bridge near his home. He was cut down before life was extinct and revived.

A PROTEST FILED

ADMIRAL SAMPSON DISPUTES ADMIRAL SCHLEY'S CLAIM

OF COMMAND IN THE BATTLE

HAD A SIGNAL ALL READY TO HOIST THAT DAY.

ADMIRAL SAMPSON RETIRED

SECRETARY LONG QUOTES A M'KINLEY TRIBUTE.

Washington, Feb. 7.—E. S. Theall, representing Stayton, Campbell & Theall, counsel for Rear Admiral Sampson, today filed the following brief with President Roosevelt, protesting against the claim set up in Admiral Schley's appeal that he was in supreme command during the battle off Santiago:

"30 Broad street, New York city, Feb. 6, 1902.

"Honorable Theodore Roosevelt, President of the United States:

"Sir:—We beg leave, as attorneys for Rear Admiral W. T. Sampson, and on his behalf, to submit the following statement in connection with the petition of Rear Admiral W. S. Schley, asking relief from his condemnation as reported by a court of inquiry and approved by the secretary of the navy.

IGNORE DEWEY'S OPINION.

"No argument will be submitted as to the volunteered opinion of the presiding member of the court upon the question of command at Santiago. We repeatedly applied for an opportunity to present evidence upon this point to the court, and our request was as often refused, and we are confident that an attempt to pronounce an adverse judgment where a hearing has been denied is so plain a violation of simple good faith that it has no chance of receiving your approval. We were ready then and are still ready, to produce much evidence which was not offered before the court on this question. We are prepared to show that the statement that he New York at the beginning of the battle 'was out of sight of each and every ship of the blockade squadron but one,' is inaccurate.

"We are ready to show that under the navy regulations and the judicial interpretations thereof Rear Admiral Sampson was during the battle in command of every single vessel in the American line. There is abundance of testimony available to show that from the beginning of the battle every American vessel at Santiago was in sight of the New York.

HAD SIGNAL READY.

"There is evidence at hand, both record and parol, to show that whenever the commander-in-chief left the blockading line in front of Santiago, he hoisted the signal 'Disregard movements of commander-in-chief,' proceeded to that point where, under the regulations, his imediate command of the squadron ceased, and then signaled to the next in rank to take command; and that on the morning of July 3rd the commander-in-chief had given instructions to have ready for hoisting the signal directing Commodore Schley to assume command; that this signal was to be hoisted when under the regulations the appropriate moment arrived; that that moment had not arrived, and that such signal had not been hoisted when the enemy endeavored to escape from the harbor.

"From the Oregon, too, there is available evidence to show that when the first shot was fired the quartermaster of the Oregon, using the long glass, could, from the position of that vessel near the center of the line, read the New York's battle signals then flying.

"All this evidence was ready to be presented to the court of inquiry and it is ready to be presented to you. It was not admitted before the court because it refused to go into the question of command. Rear Admiral Sampson has never objected, and does not now object, to any inquiry to determine the question of command. He has, however, reported that he was in command at that battle. As commander in chief he has made his recommendations concerning the promotions. He has been recognized by the executive and judicial departments of the government as being in command, and he asks that when the accuracy of his reports is questioned he be at least permitted to hear the evidence in opposition, and to permit his brother officers to come forward with the testimony they are ready to give in his behalf.

SAYS SCHLEY DEPORTED.

"There is further an abundance of evidence available to establish the fact that what the applicant now calls 'the complete and total failure of the pre-arranged order of battle' was due wholly to his own disobedience of the orders of the commander in chief. These orders were to close in and to hold the enemy at the harbor's mouth. Commodore Schley so understood the orders. He hoisted that very signal. Yet when he saw the enemy approaching that part of the line guarded by his own vessel, he looped. He withdrew from the battle formation, left a hole in the line, interfered with the Texas, which would have stopped the gap, and caused her to back, thereby giving the enemy the double opportunity of which they availed themselves—to escape through the interval he had made.

"We have no desire to prolong this controversy. We only ask that before there shall be a finding adverse to Admiral Sampson either by the president, the courts or the navy department, that he be given the opportunity which has been given to Admiral Schley to present such evidence as may make both sides of the matter clear.

"Very respectfully,
"Stayton & Campbell,
"E. S. Theall,
"Counsel for Rear Admiral W. T. Sampson."

The president will consider the brief in connection with Admiral Schley's appeal and the navy department's comment.

ADMIRAL SAMPSON RETIRED.

Washington, Feb. 7.—Secretary Long today issued the following order regarding the retirement of Rear Admiral Sampson:

"Navy Department, Washington, Feb. 7, 1902.—Sir: In notifying you of your retirement, the department recognizing your services and deeply sympathizing with you in your impaired health, quotes with pleasure the following letter of the late President McKinley:

"'Executive Mansion, Washington, March 13, 1899.—My Dear Sir: I am in receipt of your very considerate letter of the 9th inst., in which you express a desire that, without reference to your own interests, the other naval officers who rendered such conspicuous service in the naval campaign in the West Indies may have the advancement which you recommend for them and in which you ask nothing for yourself. I highly commend this disinterested action on your part. Let me assure you that I have the highest appreciation of your service as commander-in-chief of the Atlantic naval forces during the Spanish war, in blockading Cuba, co-operating with the army, directing the movements of the great number of vessels under your orders and at last, after the most effective preparation, consummating, with the gallant officers and men under your command, the destruction of the Spanish fleet. It was in recognition of your services and of your great skill that I recommended you to the senate for the advancement which you have earned.

"'Very truly yours,
(Signed.) "'William McKinley.

"'Rear Admiral William T. Sampson, U. S. Navy, Commander-in-Chief U. S. Naval Force, North Atlantic Station, U. S. Flagship New York, Havana, Cuba.'

"Very respectfully,
"John D. Long, Secretary.

"Rear Admiral William T. Sampson, U. S. N., 1613 New Hampshire Avenue, Washington, D. C."

TO STEM CHRISTIAN SCIENCE.

Berlin, Feb. 7.—Emperor William has intervened to stem the spread of the faith-healing cult in Germany. His majesty has had long conferences with the chiefs of police for the purpose of devising measures to counteract the campaign here of the Christian scientists, who have followers in the higher circles of Berlin society. It is claimed that the practice of Christian science therapeutics should be made illegal in Germany.

HOLD CONFERENCE TONIGHT.

Dr. A. H. MacBeth has called a meeting of the city health commission for this evening to talk over a number of matters of importance. The physicians are called in in an advisory capacity and the county board has also been invited to attend.

THE THIRD MONARCH TO RECEIVE THE AMERICAN.

London, Feb. 7.—Charles M. Schwab, president of the United States Steel corporation, and Mrs. Schwab, were entertained at a private luncheon today at the mansion house by the lord mayor, Sir Joseph C. Dimsdale. The party included Sir Thomas Lipton, Archibald W. Maconochie, M. P., Sheriff Bell and Colonel Hunsicker, chairman of the Nickel corporation.

Mr. Schwab had half an hour's audience with King Edward, at Marlborough house, this afternoon. Mr. Schwab was accompanied by Sir Thomas Lipton, who introduced him to his majesty. The king greeted his American visitor in the most cordial manner and chatted freely with him, mainly on the friendship between the United States and Great Britain. His majesty especially referred to the close connection between the industries of the two countries and the friendship existing between the workingmen on both sides of the Atlantic.

To a representative of the Associated Press, Mr. Schwab said:

"All I can say is that I had a most enjoyable interview and came away with charming recollections of King Edward."

It was learned by the Associated Press correspondent that the king displayed keen interest in and knowledge of the industrial conditions in the United States and evinced nothing but the most kindly sentiments toward that progress which American business is making in Great Britain.

The conversation, which was quite informal, touched on a variety of topics, throughout which his majesty's cordiality toward Americans and their institutions was strikingly apparent.

Mr. Schwab said his European trip had been purely for pleasure and as such had been eminently successful.

During his tour of Europe Mr. Schwab was received in audiences by three monarchs and he everywhere noticed a palpable desire to maintain and strengthen the friendly relations with America.

The Schwab party were entertained this evening by Sir Thomas Lipton at a farewell dinner, and afterwards went to the Empire theater.

SNOW RACING.

This afternoon there is another large contingent of steppers, all supposed to be fast, but some slower than others, making things merry on the Washington boulevard speedway, west of Broadway. King Van, driven and owned by Frank Bogush; Carl C., another of the Centlivre string, and Red Elgin, driven and owned by Frank J. Gruber, are among the best known horses on the drive this afternoon. Yesterday, what was probably the fastest bit of snow driving ever seen in the city, was witnessed by a large number of persons who knew of the event. Atlantic King (2:09¾) and Grace B. (2:12½), owned by J. H. Bass and driven by Jim McDowell, were the principal contestants, and as between the two, Atlantic King took both heats. If the snow continues, as it promises to, some very interesting races will be seen tomorrow and next week.

He began his statement with an explanation of that portion of his testimony of yesterday to the effect that sentiment was the main reason for asking a substantial reduction of the rates of the Dingley law so far as they apply to the Philippines, saying he feared that the statement might be misunderstood. The idea he had meant to convey by that statement was that the Philippine commission welcomes every evidence of a desire on the part of the American people to aid the Philippine administration in its work. That in time such a concession as was proposed would be of vast benefit to the farmers of the islands—and practically all the inhabitants were farmers—he did not doubt. He was sure the political effect would be good, but that there would be any immediate substantial effect he did not think was true, regardless of the statement made in his official report that such a reduction would cause an advance in trade by "leaps and bounds." He did not mean to withdraw the recommendation; on the contrary, he would be glad to have a reduction of 50 per cent. Governor Taft also explained that he had not intended to convey the idea that the 65,000,000 acres of land in the Philippines not controlled by private ownership is arable. Much of the area is, he said, covered by mountain ranges and is not therefore capable of cultivation.

In response to a suggestion from Senator Culberson, Governor Taft said he did not think the bill providing a tariff between the United States and the Philippines should be temporary, as is the case with reference to the Porto Rican bill.

Speaking of the new revenue bill passed by the Philippine commission, he said that so far the effect is conjectural, but that it was hoped the amount under the impetus it would give to the trade would soon equal the returns secured under the old law, which was $9,000,000 or $10,000,000. There had so far been a great increase in the importation of food products, especially canned goods, which came principally from the United States and Spain. Governor Taft explained the contracts which have been let for harbor improvements, involving an expenditure of $3,000,000, and in response to questioning by Mr. Hale said that contracts also had been let for the construction of twenty launches or small sea-going boats for the transportation of mail of provincial officers. The cost for these boats will be $1,000,000. He had asked for bids from San Francisco, he said, but they were so high the commission was obliged to contract for them with Shanghai and Japanese firms.

Governor Taft asked for power to pass general corporation laws. Most of the enterprises there now, he explained, are controlled by English capital.

Mr. Dubois wanted to know if it would not be advantageous for the government to build and control railroads, telephones, etc.

"That is a question of general economic consideration," answered Governor Taft, "which the commission wishes to avoid."

Reverting to the subject of corporations, Governor Taft thought it would be wise for congress to give to the commission some discretionary power in the matter of building of railroads.

LUTHER OTTO DROPS DEAD.

Luther Otto, a well known farmer, residing upon the Auburn road ten miles north of the city, dropped dead, presumably from heart disease at 1 o'clock this afternoon. He had been splitting wood, and returning to the house suddenly exclaimed "Oh, my heart," fell to the floor and expired in two minutes. Coroner Barnett, who is in Auburn today, has been notified.

FAMOUS PAINTER DEAD.

London, Feb. 7.—Thomas Sidney Cooper, the painter, who had exhibited at the Royal Academy for sixty-seven consecutive years, died today at his residence, Vernon Holme, Harbledown, the spot near Canterbury immortalized by Chaucer. Mr. Cooper, who was the oldest academician, had been ill for some time. He was born in 1803.

WILL BOWL IN GARRETT.

The Eureka bowling team will leave this evening for Garrett, where they will play a return game. The Garretts defeated the home team recently and the Eurekas expect to retrieve the defeat this evening. At the Eureka alleys last evening Master Frank Farnan, the youngest bowler in the city, made three remarkable successive scores—228, 229 and 211.

ARE DOCKETED FOR TRIAL

ST. LOUIS BOODLERS TO BE ARRAIGNED SOON.

Wainwright, the Millionaire, is Not in the Country at Present—The Thompson Case.

St. Louis, Feb. 7.—The cases of five of the men indicted by the December grand jury in connection with the suburban bribery case were docketed today for trial in the criminal court, as follows:

Charles Kratz, former councilman, charged with bribery, February 27; Emil Meisenberg, former member of the house of delegates, charged with bribery, March 13; Julius Lehmann, former member of the house of delegates, charged with perjury, March 17; Harry A. Faulkner, member of the house of delegates, charged with perjury, March 24, and Henry Nicolaus, the millionaire brewer and director of the St. Louis and Suburban railway, charged with bribery, March 25. The case against Ellis Wainwright, the other millionaire brewer, also indicted for bribery, is not set for trial. Mr. Wainwright is in Egypt at present and the warrant cannot be served on him until his return to the United States.

THOMPSON CASE POSTPONED.

Kalamazoo, Mich., Feb. 7.—The examination of Charles H. Thompson, an employe of the Hammond Packing company, on the charge of offering a bribe to State Food Commissioner Snow, for the alleged purpose of preventing interference with the sale of colored oleomargerine, was postponed today until February 20. J. F. Meagher, of Chicago, chief counsel for the defense, was unable to be present today.

AUTOMOBILE CONCERN FAILS.

Trenton, N. J., Feb. 7.—Papers were filed in the offices of the clerk in chancery today showing the appointment at Newark yesterday, by Vice Chancellor Stevens, of a receiver for the Automobile company of America. The appointment is made temporary and a rule to show cause is granted returnable before the vice chancellor at Newark on Tuesday next. The application for a receiver was made by V. Everett Macy and others. They state in the application that the company is insolvent, but that probably with proper management it could be made profitable. The company's liabilities are given at $325,187, of which $135,000 consists of commercial paper. The petition sets forth that the company is capitalized at $5,000,000, and of this amount only $350,000 was paid in cash, the balance having been expended for patent rights. The company's plant is located in Jersey City and 150 men are employed at the works.

A SMUGGLER CAUGHT.

San Francisco, Feb. 7.—The custom house officials here have arrested Frank D. Burton on a charge of smuggling. With him was captured a trunk containing opium valued at $1,200, which had been shipped from Tacoma to Oakland. The authorities believe that Burton is connected with the gang that for some time has been successfully smuggling opium across the Canadian border. Burton was caught in the act of opening the trunk. He claims to have recently arrived from the Klondike and says he got the trunk for a friend.

BEAT OUT WIFE'S BRAINS.

Topeka, Kas., Feb. 7.—Because she was about to secure a divorce from him, John Kay, employed in a flour mill, beat his wife to death with a flat iron and then attempted to hang himself from a bridge near his home. He was cut down before life was extinct and revived.

A PROTEST FILED

ADMIRAL SAMPSON DISPUTES ADMIRAL SCHLEY'S CLAIM

OF COMMAND IN THE BATTLE

HAD A SIGNAL ALL READY TO HOIST THAT DAY.

ADMIRAL SAMPSON RETIRED

SECRETARY LONG QUOTES A M'KINLEY TRIBUTE.

Washington, Feb. 7.—E. S. Theall, representing Stayton, Campbell & Theall, counsel for Rear Admiral Sampson, today filed the following brief with President Roosevelt, protesting against the claim set up in Admiral Schley's appeal that he was in supreme command during the battle off Santiago:

"30 Broad street, New York city, Feb. 6, 1902.

"Honorable Theodore Roosevelt, President of the United States:

"Sir:—We beg leave, as attorneys for Rear Admiral W. T. Sampson, and on his behalf, to submit the following statement in connection with the petition of Rear Admiral W. S. Schley, asking relief from his condemnation as reported by a court of inquiry and approved by the secretary of the navy.

IGNORE DEWEY'S OPINION.

"No argument will be submitted as to the volunteered opinion of the presiding member of the court upon the question of command at Santiago. We repeatedly applied for an opportunity to present evidence upon this point to the court, and our request was as often refused, and we are confident that an attempt to pronounce an adverse judgment where a hearing has been denied is so plain a violation of simple good faith that it has no chance of receiving your approval. We were ready then and are still ready, to produce much evidence which was not offered before the court on this question. We are prepared to show that the statement that he New York at the beginning of the battle 'was out of sight of each and every ship of the blockade squadron but one,' is inaccurate.

"We are ready to show that under the navy regulations and the judicial interpretations thereof Rear Admiral Sampson was during the battle in command of every single vessel in the American line. There is abundance of testimony available to show that from the beginning of the battle every American vessel at Santiago was in sight of the New York.

HAD SIGNAL READY.

"There is evidence at hand, both record and parol, to show that whenever the commander-in-chief left the blockading line in front of Santiago, he hoisted the signal 'Disregard movements of commander-in-chief,' proceeded to that point where, under the regulations, his imediate command of the squadron ceased, and then signaled to the next in rank to take command; and that on the morning of July 3rd the commander-in-chief had given instructions to have ready for hoisting the signal directing Commodore Schley to assume command; that this signal was to be hoisted when under the regulations the appropriate moment arrived; that that moment had not arrived, and that such signal had not been hoisted when the enemy endeavored to escape from the harbor.

"From the Oregon, too, there is available evidence to show that when the first shot was fired the quartermaster of the Oregon, using the long glass, could, from the position of that vessel near the center of the line, read the New York's battle signals then flying.

"All this evidence was ready to be presented to the court of inquiry and it is ready to be presented to you. It was not admitted before the court because it refused to go into the question of command. Rear Admiral Sampson has never objected, and does not now object, to any inquiry to determine the question of command. He has, however, reported that he was in command at that battle. As commander in chief he has made his recommendations concerning the promotions. He has been recognized by the executive and judicial departments of the government as being in command, and he asks that when the accuracy of his reports is questioned he be at least permitted to hear the evidence in opposition, and to permit his brother officers to come forward with the testimony they are ready to give in his behalf.

SAYS SCHLEY DISOBEYED.

"There is further an abundance of evidence available to establish the fact that what the applicant now calls 'the complete and total failure of the pre-arranged order of battle' was due wholly to his own disobediences of the orders of the commander in chief. These orders were to close in and to hold the enemy at the harbor's mouth. Commodore Schley so understood the orders. He hoisted that very signal. Yet when he saw the enemy approaching that part of the line guarded by his own vessel, he looped. He withdrew from the battle formation, left a hole in the line, interfered with the Texas, which would have stopped the gap, and caused her to back, thereby giving the enemy the double opportunity of which they availed themselves—to escape through the interval he had made.

"We have no desire to prolong this controversy. We only ask that before there shall be a finding adverse to Admiral Sampson either by the president, the courts or the navy department, that he be given the opportunity which has been given to Admiral Schley to present such evidence as may make both sides of the matter clear.

"Very respectfully,
"Stayton & Campbell,
"E. S. Theall,
"Counsel for Rear Admiral W. T. Sampson."

The president will consider the brief in connection with Admiral Schley's appeal and the navy department's comment.

ADMIRAL SAMPSON RETIRED.

Washington, Feb. 7.—Secretary Long today issued the following order regarding the retirement of Rear Admiral Sampson:

"Navy Department, Washington, Feb. 7, 1902.—Sir: In notifying you of your retirement, the department recognizing your services and deeply sympathizing with you in your impaired health, quotes with pleasure the following letter of the late President McKinley:

"'Executive Mansion, Washington, March 13, 1899.—My Dear Sir: I am in receipt of your very considerate letter of the 9th inst., in which you express a desire that, without reference to your own interests, the other naval officers who rendered such conspicuous service in the naval campaign in the West Indies may have the advancement which you recommend for them and in which you ask nothing for yourself. I highly commend this disinterested action on your part. Let me assure you that I have the highest appreciation of your service as commander-in-chief of the Atlantic naval forces during the Spanish war, in blockading Cuba, co-operating with the army, directing the movements of the great number of vessels under your orders and at last, after the most effective preparation, consummating, with the gallant officers and men under your command, the destruction of the Spanish fleet. It was in recognition of your services and of your great skill that I recommended you to the senate for the advancement which you have earned.

"'Very truly yours,
(Signed.) "'William McKinley.

"'Rear Admiral William T. Sampson, U. S. Navy, Commander-in-Chief U. S. Naval Force, North Atlantic Station, U. S. Flagship New York, Havana, Cuba.'

"Very respectfully,
"John D. Long, Secretary.

"Rear Admiral William T. Sampson, U. S. N., 1613 New Hampshire Avenue, Washington, D. C."

TO STEM CHRISTIAN SCIENCE.

Berlin, Feb. 7.—Emperor William has intervened to stem the spread of the faith-healing cult in Germany. His majesty has had long conferences with the chiefs of police for the purpose of devising measures to counteract the campaign here of the Christian scientists, who have followers in the higher circles of Berlin society. It is claimed that the practice of Christian science therapeutics should be made illegal in Germany.

HOLD CONFERENCE TONIGHT.

Dr. A. H. MacBeth has called a meeting of the city health commission for this evening to talk over a number of matters of importance. The physicians are called in in an advisory capacity and the county board has also been invited to attend.

THE STEEL KING

GREETS A MONARCH WHO HAS A REAL CROWN.

MR. SCHWAB SEES EDWARD

HAVE A VERY PLEASANT CHAT FOR HALF HOUR.

THE KING LIKES US MUCH

THE THIRD MONARCH TO RECEIVE THE AMERICAN.

London, Feb. 7.—Charles M. Schwab, president of the United States Steel corporation, and Mrs. Schwab, were entertained at a private luncheon today at the mansion house by the lord mayor, Sir Joseph C. Dimsdale. The party included Sir Thomas Lipton, Archibald W. Maconochie, M. P., Sheriff Bell and Colonel Hunsicker, chairman of the Nickel corporation.

Mr. Schwab had half an hour's audience with King Edward, at Marlborough house, this afternoon. Mr. Schwab was accompanied by Mr Thomas Lipton, who introduced him to his majesty. The king greeted his American visitor in the most cordial manner and chatted freely with him, mainly on the friendship between the United States and Great Britain. His majesty especially referred to the close connection between the industries of the two countries and the friendship existing between the workingmen on both sides of the Atlantic.

To a representative of the Associated Press, Mr. Schwab said:

"All I can say is that I had a most enjoyable interview and came away with charming recollections of King Edward."

It was learned by the Associated Press correspondent that the king displayed keen interest in and knowledge of the industrial conditions in the United States and evinced nothing but the most kindly sentiments toward that progress which American business is making in Great Britain.

The conversation, which was quite informal, touched on a variety of topics, throughout which his majesty's cordiality toward Americans and their institutions was strikingly apparent.

Mr. Schwab said his European trip had been purely for pleasure and as such had been eminently successful.

During his tour of Europe Mr. Schwab was received in audiences by three monarchs and he everywhere noticed a palpable desire to maintain and strengthen the friendly relations with America.

The Schwab party were entertained this evening by Sir Thomas Lipton at a farewell dinner, and afterwards went to the Empire theater.

SNOW RACING.

This afternoon there is another large contingent of steppers, all supposed to be fast, but some slower than others, making things merry on the Washington boulevard speedway, west of Broadway. King Van, driven and owned by Frank Bogash; Carl C., another of the Centlivre string, and Red Elgin, driven and owned by Frank J. Gruber, are among the best known horses on the drive this afternoon. Yesterday, what was probably the fastest bit of snow driving ever seen in the city, was witnessed by a large number of persons who knew of the event. Atlantic King (2:09¾) and Grace B. (2:12½), owned by J. H. Bass and driven by Jim McDowell, were the principal contestants, and as between the two, Atlantic King took both heats. If the snow continues, as it promises to, some very interesting races will be seen tomorrow and next week.

INTO LAST SLEEP

DEATH SUMMONS SEVERAL AGED PIONEERS.

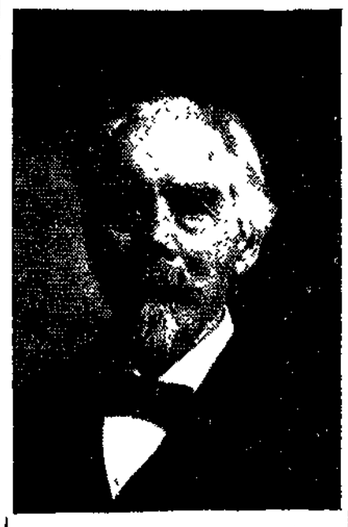
FREDERICK WEBER NO MORE

MRS. MARIE TRAUB SUCCUMBS TO APOPLEXY.

CATHERINE ARCHER DEAD

OTHER DEATHS AND FUNERALS OF THE DAY.

Frederick Conrad Weber, one of the best known of the older residents of the city, died Thursday evening at the home of his daughter, Mrs. John Carl, 9 Chestnut street, at the advanced age of 89 years. Until within a very short time ago the venerable pioneer retained his vigor to a remarkable degree, but on January 25 he sustained a stroke of paralysis from which he never thoroughly rallied, and on Wednesday he relapsed into a state of unconsciousness which terminated in his death last evening.



FREDERICK CONRAD WEBER,

Aged Fort Wayne Citizen Who Died Thursday Evening.

Mr. Weber was born in Germany December 3, 1812, the son of a prominent judicial officer of his province, and in his earlier years received the benefit of an excellent education, attending some of the foremost educational institutions then available, and became proficient in German, French and English. Reaching manhood, he emigrated at the age of 22 to America.

The ocean voyage to this country proved a most perilous one and occupied months of time, for the sailing vessel in which Mr. Weber had taken passage was buffeted about by storm and tempest, driven far out of its course, and finally made the port of New Orleans. This was in 1834, and the young man went almost immediately to Lancaster, Ohio. Here he was united in marriage a year later and for a time was employed as superintendent during the construction of the Columbus national road.

With his family Mr. Weber removed in 1837 to Wells county, Ind., where he resided until 1856, when they removed to Fort Wayne, which has ever since been his home. In 1859 he embarked in the grocery business on Main street, two doors east of Calhoun, continuing this business about three years. Disposing of the grocery, Mr. Weber entered the employ of the Wabash railway as a machinist in the shops in this city, a position which he retained about ten years. Later he established himself in the cigar and tobacco business at 259 Calhoun street, the stand now owned by his son-in-law, John Carl. For several years Mr. Weber has been living a retired life.

His wife died many years ago and for the past ten years the old gentleman has been making his home with his daughter, Mrs. Sarah E. Carl, at 9 Chestnut street. The other children are Mrs. Julia Sweer, Mrs. Catherine Gouty and Milton N. Weber, all of this city. Mr. Weber was a devoted member of the Catholic church, being identified with the Cathedral congregation.

The funeral services will be held from the residence Saturday morning at 10 o'clock and will be private.

TRAUB.

Mrs. Marie Traub, who sustained a stroke of apoplexy several days ago, died Thursday evening at her home, 150 Holman street, at the age of 54 years. Mrs. Traub was the widow of Rev. J. Traub, whose death occurred at Aurora, Ill., July 1, 1900, and shortly after that time the widow removed to this city to make her home.

Mrs. Traub was a native of Adams county, born September 13, 1847, the daughter of William and Marie Aumann, who were among the early settlers of that section. Her marriage to Rev. Traub occurred in 1864, and to them were born eleven children, [illegible] surviving. The ch[illegible] are Mich.; Lorenz Traub, of Watseka, Ill.; Rev. Henry Traub, of Bath, Ill.; Miss Emily Traub, an organist and teacher at Hancock, Mich.; the Misses Anna, Luella and Minnie Traub and Fred Traub, of this city. Other relatives of the deceased include a brother, William Aumann, and four sisters, Mrs. Henry Dirckson, Mrs. Conrad Gallmeier, Mrs. Fred Melcher, of Adams county, and Mrs. Fred Pageler, of this city.

Funeral services will be held Sunday afternoon at 2 o'clock from the residence and at 2:30 from St. Paul's Lutheran church, Rev. Miller officiating.

RUCH.

Mrs. Sarah N. Ruch, a pioneer of Whitley county and once a resident of Fort Wayne, is dead at the age of 82 years and 6 months. Mrs. Ruch was born in Schuylkill county, Pa., in July, 1819, and was united in marriage December 4, 1838, to Charles Ruch. They removed in October, 1845, to Fort Wayne, residing here until 1849, when they located in Smith township, Whitley county, which was their home until 1864. Since that time the family has lived in Columbia City. Her husband was postmaster there under President Pierce's administration.

ARCHER.

Mrs. Catherine Archer died Thursday evening at her home upon the Lima road, about one mile north of the city limits, at the age of 64 years. Death was due to apoplexy, from which she had been suffering for some days.

Mrs. Archer was born in New York, but had resided in Allen county many years, and was widely known. She leaves four children—Warren Archer, residing in Dakota, Grant and the Misses Amelia and Carrie Archer, of this city, besides a wide circle of friends.

Funeral services will be held from the residence Sunday afternoon at 2 o'clock.

REESE.

Arthur Fiske Reese, infant son of Mr. and Mrs. Charles L. W. Reese, of Chicago, died Thursday, at the age of twenty-six days. Funeral services will be held from the residence of W. W. Fiske, 217 West DeWald street, Saturday at 1:30 p. m., Rev. A. W. Seabrease, rector of Trinity Episcopal church, officiating. The burial at Lindenwood is to be private.

Mrs. Reese, the mother of the little one, will be remembered as formerly Miss Lillian Fiske, a teacher in the schools of this city.

POOLER.

Ruth, the little daughter of Mr. and Mrs. W. W. Pooler, residing on the Leesburg road, thirteen miles west of the city, died February 1, after a brief illness from bowel trouble. Her age was 6 years, 5 months and seven days.

Funeral services were held on Monday.

FUNERAL ANNOUNCEMENTS.

Reuille.—The remains of Louis J. Reuille, who lost his life north of the city Thursday evening, were removed to the home this afternoon. Funeral services will be held Monday morning at 9 o'clock from the residence and at 10 o'clock from the Church of the Precious Blood, of which he was a devote member.

Racquet.—Funeral services of William Racquet will be held from the residence, 69 Elizabeth street, Sunday afternoon at 2 o'clock.

Mrs. G. P. Gray and Mrs. M. F. Weber, of Liberty street, entertained a company of friends last evening at progressive pedro. First prizes were won by Miss Lulu Doctor and Washington Blake and the consolations were awarded to Mrs. Weber and John Grives. A two course luncheon was served at a late hour.

CARRIED TOO MUCH POSTAGE.

A party of New Orleans lawyers the other day were discussing the many peculiarities of a well-known member of the bar of that city who had been gathered to his fathers, and one of the party recalled the time when he studied in the old man's office.

"We had a copying clerk whose inefficiency continually worked the judge up to a point of explosion. One day a wire basket fell off the top of his desk and scratched his cheek. Not having any courtplaster, he slapped on three postage stamps and went on with his work.

"A little later he had some papers to take to the United States court and, forgetting all about the stamps, he put on his hat and went out.

"As he entered the office the judge raised his head and fixed him with an astonished stare. The clerk stopped and looked frightened and finally asked:

"'Anything—er—wrong, sir?'

"'Yes, sir!' thundered the old gentleman. 'You are carrying too much postage for second class matter.'"

POISONED BY QUICKSILVER

MAN AND THREE CHILDREN IN DANGEROUS CONDITION.

Wealthy Pole, of Homestead, Pa., Incurs Woman's Wrath and His Well is Poisoned.

Pittsburg, Feb. 7.—John Zaginski, a wealthy Pole, of Homestead, and his three children, aged from three to nine years, are dangerously ill from the effects of drinking water from a well, alleged to have been poisoned by quicksilver. Zaginski alleges it was spite work. There are two artesian wells on his property and it has been the custom of the neighbors to draw their drinking water from them. Recently one of the pumps was broken by an unknown party and Zaginski placed a lock on the other. He alleges that a neighbor woman demanded the key and upon refusal to let her have it she threatened to fix him by putting quicksilver in the well. When the water was pumped out this morning quicksilver was discovered. The physician says Zaginski may recover, but the children will die.

ADMIRAL SAMPSON'S STATE.

Washington, Feb. 7.—Alarming rumors were afloat here today to the effect that Admiral Sampson had taken a serious turn for the worse within the last twenty-four hours. Inquiries at the Sampson residence and of the naval physicians developed that there has been no decided change in Admiral Sampson's condition, but that a steady retrogression is in progress, which is common to his disease.

THE NEWS OF THE POLICE

SLIM GRIST AT POLICE COURT THIS MORNING.

Father of Young Chase Would Like to Have His Dead Boy Vindicated in Small Degree.

John Null looked earnestly at Judge Louttit this morning after he had stated that he thought there must be some mistake about the charge placed against him, alleging that he was an habitual loiterer about the Nickel Plate depot. The judge was unperturbed and said with the most exasperating calmness that it would be $1 and costs." Null is one of the fragmentary remnants of the Smith crowd, which has made a specialty of loafing around the down town depot to the annoyance of the patrons as well as the officials of the road for many months. Several weeks ago Smith, who was the acknowledged leader of the crowd, was sent over and for awhile the place was deserted by the customary crowd of hangers-on, but recently the boys again began to congregate and insisted on absorbing all the warmth the stoves would afford. The action against Null was under a city ordinance, which made it just $5 cheaper than under the old way.

Superintendent Gorsline is in receipt of a letter from J. W. Chase, father of Mortimer Chase, who died at St. Joseph hospital a day or two ago, while serving a jail sentence. The father expressed his thanks to the superintendent for the many kindnesses shown him while here and asked as a favor that the superintendent write him a letter saying, if he conscientiously could, that the waywardness of his boy was in his opinion due more to a weakness of mind than to natural perverseness. He explained that such a letter to show to his friends would be the only consolation he would have over the death of his boy under such unfortunate circumstances. Superintendent Gorsline will write the letter and says he can do it without straining the truth one single particle. In the meantime the body of young Chase remains at the undertaking establishment of Klaehn & Melching and will probably be buried this afternoon at the expense of the township. Trustee Schirmeyer was this forenoon notified by the undertaking firm that no relatives, neither the medical college, had made any requisition for the remains, and as the limit has expired they would like to dispose of the body. Mr. Schirmeyer said that unless the corpse was claimed within a few hours he would issue the burial order.

Mischievous boys broke the electric light globe at the corner of Kansas street and Hoagland avenue last evening.

Councilman Figel last evening picked up a horse and sleigh on Wells street, which he found wandering around without a driver. The outfit was stabled at McAfee's barn and this morning was claimed by the owner.

Charles Sellers, the medical student who turned a series of somersaults at the Fulton street crossing of the [illegible] back to the scene of his acrobatic performance yesterday and found his watch, which had separated itself from him during his involuntary exhibition.

Henry Kohlner, a farmer living four miles west of the city, on the Leesburg road, this morning reported to the police department that a bay horse belonging to him had broken from an enclosure and started in the direction of Fort Wayne.

Emil Mistler, who conducted a saloon on the corner of Hoagland avenue and Melita street, found business so bad that he voluntarily closed his place yesterday and has gone out of business.

MEASURE PRESENTED IN THE HOUSE.

Provides for Protection of President and Suppression of Crime Against Government.

Washington, Feb. 7.—Chairman Ray, of the house committee on judiciary today presented the report on the bill for the protection of the president and the suppression of crime against the government. The report states that the committee has carefully considered the many anti-anarchist measures and has sought to present a wise, conservative, constitutional and effective measure. The purposes of the bill are summed up as follows:

First—Prevent resistance to and protect the president and vice president of the United States and those by law in the line of succession to that high office.

Second—Protect the ministers and ambassadors of foreign governments accredited to and within the United States.

Third—Prevent the open and deliberate approval of certain crimes and also certain unlawful teachings, which, if permitted, are calculated and intended to breed lawlessness and crime against and culminate in the destruction of the government.

Fourth—Prevent the coming to or naturalization in this country of those who teach or entertain such pernicious doctrines.

Fifth—Prevent conspiracies in the United States to murder the rulers of other civilized nations.

Sixth—Provide adequate and uniform punishments for these offenses wherever committed.

All the offenses against government and intended to impair or overthrow the government of the United States.

The report makes an elaborate presentation of the powers of congress to deal with the subject; the need of shutting out the lawless who seek our shores, and the care the committee has exercised not to trench upon legitimate freedom of speech and of the press.

RAILROAD TO REAR A BABY.

The Choctaw railroad will rear a baby which was found abandoned on one of its cars east of El Reno, Okla., Friday. The child was left in a seat in a basket which was well supplied with warm milk. On the handle of the basket was a note, saying: "I have no parents; please take me to the next station." The conductor telegraphed to the company headquarters and was told to take the baby to the next station. Later he received a message ordering him to retain possession of the infant, as the road had decided to adopt it, raise and educate it. It is now in a hospital in Wichita."—Chicago Chronicle.

INTO LAST SLEEP

DEATH SUMMONS SEVERAL AGED PIONEERS.

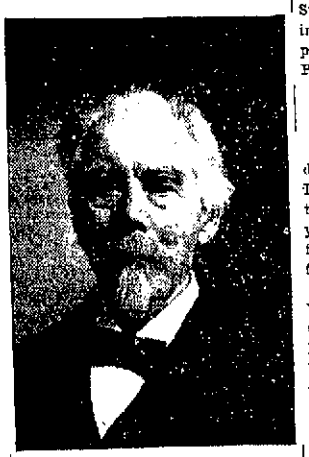
FREDERICK WEBER NO MORE

MRS. MARIE TRAUB SUCCUMBS TO APOPLEXY.

CATHERINE ARCHER DEAD

OTHER DEATHS AND FUNERALS OF THE DAY.

Frederick Conrad Weber, one of the best known of the older residents of the city, died Thursday evening at the home of his daughter, Mrs. John Carl, 9 Chestnut street, at the advanced age of 89 years. Until within a very short time ago the venerable pioneer retained his vigor to a remarkable degree, but on January 25 he sustained a stroke of paralysis from which he never thoroughly rallied, and on Wednesday he relapsed into a state of unconsciousness which terminated in his death last evening.



FREDERICK CONRAD WEBER,
Aged Fort Wayne Citizen Who Died Thursday Evening.

Mr. Weber was born in Germany December 3, 1812, the son of a prominent judicial officer of his province, and in his earlier years received the benefit of an excellent education, attending some of the foremost educational institutions then available, and became proficient in German, French and English. Reaching manhood, he emigrated at the age of 22 to America.

The ocean voyage to this country proved a most perilous one and occupied months of time, for the sailing vessel in which Mr. Weber had taken passage was buffeted about by storm and tempest, driven far out of its course, and finally made the port of New Orleans. This was in 1834, and the young man went almost immediately to Lancaster, Ohio. Here he was united in marriage a year later and for a time was employed as superintendent during the construction of the Columbus national road.

With his family Mr. Weber removed in 1837 to Wells county, Ind., where he resided until 1858, when they removed to Fort Wayne, which has ever since been his home. In 1859 he embarked in the grocery business on Main street, two doors east of Calhoun, continuing this business about three years. Disposing of the grocery, Mr. Weber entered the employ of the Wabash railway as a machinist in the shops in this city, a position which he retained about ten years. Later he established himself in the cigar and tobacco business at 259 Calhoun street, the stand now owned by his son-in-law, John Carl. For several years Mr. Weber has been living a retired life.

His wife died many years ago and for the past ten years the old gentleman has been making his home with his daughter, Mrs. Sarah E. Carl, at 9 Chestnut street. The other children are Mrs. Julia Sweer, Mrs. Catherine Gouty and Milton N. Weber, all of this city. Mr. Weber was a devoted member of the Catholic church, being identified with the Cathedral congregation.

The funeral services will be held from the residence Saturday morning at 10 o'clock and will be private.

TRAUB.

Mrs. Marie Traub, who sustained a stroke of apoplexy several days ago, died Thursday evening at her home, 150 Holman street, at the age of 54 years. Mrs. Traub was the widow of Rev. J. Traub, whose death occurred at Aurora, Ill., July 1, 1900, and shortly after that time the widow removed to this city to make her home.

Mrs. Traub was a native of Adams county, born September 13, 1847, the daughter of William and Marie Aumann, who were among the early settlers of that section. Her marriage to Rev. Traub occurred in 1864, and to them were born eleven children, eight surviving. The children are Rev. Gottlieb Traub, of Hancock, Mich.; Lorenz Traub, of Watseka, Ill.; Rev. Henry Traub, of Bath, Ill.; Miss Emily Traub, an organist and teacher at Hancock, Mich.; the Misses Anna, Luella and Minnie Traub and Fred Traub, of this city. Other relatives of the deceased include a brother, William Aumann, and four sisters, Mrs. Henry Dirckson, Mrs. Conrad Gallmeier, Mrs. Fred Melcher, of Adams county, and Mrs. Fred Pagoler, of this city.

Funeral services will be held Sunday afternoon at 2 o'clock from the residence and at 2:30 from St. Paul's Lutheran church, Rev. Miller officiating.

RUCH.

Mrs. Sarah N. Ruch, a pioneer of Whitley county and once a resident of Fort Wayne, is dead at the age of 82 years and 6 months. Mrs. Ruch was born in Schuylkill county, Pa., in July, 1819, and was united in marriage December 4, 1838, to Charles Ruch. They removed in October, 1845, to Fort Wayne, residing here until 1849, when they located in Smith township, Whitley county, which was their home until 1854. Since that time the family has lived in Columbia City. Her husband was postmaster there under President Pierce's administration.

ARCHER.

Mrs. Catherine Archer died Thursday evening at her home upon the Lima road, about one mile north of the city limits, at the age of 64 years. Death was due to apoplexy, from which she had been suffering for some days.

Mrs. Archer was born in New York, but had resided in Allen county many years, and was widely known. She leaves four children—Warren Archer, residing in Dakota, Grant and the Misses Amelia and Carrie Archer, of this city, besides a wide circle of friends.

Funeral services will be held from the residence Sunday afternoon at 2 o'clock.

REESE.

Arthur Fiske Reese, infant son of Mr. and Mrs. Charles L. W. Reese, of Chicago, died Thursday, at the age of twenty-six days. Funeral services will be held from the residence of W. W. Fiske, 217 West DeWald street, Saturday at 1:30 p. m., Rev. A. W. Seabrease, rector of Trinity Episcopal church, officiating. The burial at Lindenwood is to be private.

Mrs. Reese, the mother of the little one, will be remembered as formerly Miss Lillian Fiske, a teacher in the schools of this city.

POOLER.

Ruth, the little daughter of Mr. and Mrs. W. W. Pooler, residing on the Leesburg road, thirteen miles west of the city, died February 1, after a brief illness from bowel trouble. Her age was 6 years, 5 months and seven days.

Funeral services were held on Monday.

FUNERAL ANNOUNCEMENTS.

Reuille.—The remains of Louis J. Reuille, who lost his life north of the city Thursday evening, were removed to the home this afternoon. Funeral services will be held Monday morning at 9 o'clock from the residence and at 10 o'clock from the Church of the Precious Blood, of which he was a devote member.

Racquet.—Funeral services of William Racquet will be held from the residence, 69 Elizabeth street, Sunday afternoon at 2 o'clock.

Mrs. G. P. Gray and Mrs. M. F. Weber, of Liberty street, entertained a company of friends last evening at progressive pedro. First prizes were won by Miss Lulu Doctor and Washington Blake and the consolations were awarded to Mrs. Weber and John Grives. A two course luncheon was served at a late hour.

CARRIED TOO MUCH POSTAGE.

A party of New Orleans lawyers the other day were discussing the many peculiarities of a well-known member of the bar of that city who had been gathered to his fathers, and one of the party recalled the time when he studied in the old man's office.

"We had a copying clerk whose inefficiency continually worked the judge up to a point of explosion. One day a wire basket fell off the top of his desk and scratched his cheek. Not having any courtplaster, he slapped on three postage stamps and went on with his work.

"A little later he had some papers to take to the United States court and, forgetting all about the stamps, he put on his hat and went out.

"As he entered the office the judge raised his head and fixed him with an astonished stare. The clerk stopped and looked frightened and finally asked:

"'Anything—er—wrong, sir?'

"'Yes, sir!' thundered the old gentleman. 'You are carrying too much postage for second class matter.'"

POISONED BY QUICKSILVER

MAN AND THREE CHILDREN IN DANGEROUS CONDITION.

Wealthy Pole, of Homestead, Pa., Incurs Woman's Wrath and His Well is Poisoned.

Pittsburg, Feb. 7.—John Zaginski, a wealthy Pole, of Homestead, and his three children, aged from three to nine years, are dangerously ill from the effects of drinking water from a well, alleged to have been poisoned by quicksilver. Zaginski alleges it was spite work. There are two artesian wells on his property and it has been the custom of the neighbors to draw their drinking water from them. Recently one of the pumps was broken by an unknown party and Zaginski placed a lock on the other. He alleges that a neighbor woman demanded the key and upon refusal to let her have it she threatened to fix him by putting quicksilver in the well. When the water was pumped out this morning quicksilver was discovered. The physician says Zaginski may recover, but the children will die.

ADMIRAL SAMPSON'S STATE.

Washington, Feb. 7.—Alarming rumors were afloat here today to the effect that Admiral Sampson had taken a serious turn for the worse within the last twenty-four hours. Inquiries at the Sampson residence and of the naval physicians developed that there has been no decided change in Admiral Sampson's condition, but that a steady retrogression is in progress, which is common to his disease.

THE NEWS OF THE POLICE

SLIM GRIST AT POLICE COURT THIS MORNING.

Father of Young Chase Would Like to Have His Dead Boy Vindicated in Small Degree.

John Null looked earnestly at Judge Louttit this morning after he had stated that he thought there must be some mistake about the charge placed against him, alleging that he was an habitual loiterer about the Nickel Plate depot. The judge was unperturbed and said with the most exasperating calmness that it would be $1 and costs." Null is one of the fragmentary remnants of the Smith crowd, which has made a specialty of loafing around the down town depot to the annoyance of the patrons as well as the officials of the road for many months. Several weeks ago Smith, who was the acknowledged leader of the crowd, was sent over and for awhile the place was deserted by the customary crowd of hangers-on, but recently the boys again began to congregate and insisted on absorbing all the warmth the stoves would afford. The action against Null was under a city ordinance, which made it just $5 cheaper than under the old way.

Superintendent Gorsline is in receipt of a letter from J. W. Chase, father of Mortimer Chase, who died at St. Joseph hospital a day or two ago, while serving a jail sentence. The father expressed his thanks to the superintendent for the many kindnesses shown him while here and asked as a favor that the superintendent write him a letter saying, if he conscientiously could, that the waywardness of his boy was in his opinion due more to a weakness of mind than to natural perverseness. He explained that such a letter to show to his friends would be the only consolation he would have over the death of his boy under such unfortunate circumstances. Superintendent Gorsline will write the letter and says he can do it without straining the truth one single particle. In the meantime the body of young Chase remains at the undertaking establishment of Klaehn & Melching and will probably be buried this afternoon at the expense of the township. Trustee Schirmeyer was this forenoon notified by the undertaking firm that no relatives, neither the medical college, had made any requisition for the remains, and as the limit has expired they would like to dispose of the body. Mr. Schirmeyer said that unless the corpse was claimed within a few hours he would issue the burial order.

Mischievous boys broke the electric light globe at the corner of Kansas street and Hoagland avenue last evening.

Councilman Figel last evening picked up a horse and sleigh on Wells street, which he found wandering around without a driver. The outfit was stabled at McAfee's barn and this morning was claimed by the owner.

Charles Sellers, the medical student who turned a series of summersaults at the Fulton street crossing of the Nickel Plate the other night, went back to the scene of his acrobatic performance yesterday and found his watch, which had separated itself from him during his involuntary exhibition.

Henry Kohlner, a farmer living four miles west of the city, on the Leesburg road, this morning reported to the police department that a bay horse belonging to him had broken from an enclosure and started in the direction of Fort Wayne.

Emil Mistler, who conducted a saloon on the corner of Hoagland avenue and Melita street, found business so bad that he voluntarily closed his place yesterday and has gone out of business.

REPORTS ANARCHIST BILL

MEASURE PRESENTED IN THE HOUSE.

Provides for Protection of President and Suppression of Crime Against Government.

Washington, Feb. 7.—Chairman Ray, of the house committee on judiciary today presented the report on the bill for the protection of the president and the suppression of crime against the government. The report states that the committee has carefully considered the many anti-anarchist measures and has sought to present a wise, conservative, constitutional and effective measure. The purposes of the bill are summed up as follows:

First—Prevent resistance to and protest the president and vice president of the United States and those by law in the line of succession to that high office.

Second—Protect the ministers and ambassador's of foreign governments accredited to and within the United States.

Third—Prevent the open and deliberate approval of certain crimes and also certain unlawful teachings, which, if permitted, are calculated and intended to breed lawlessness and crime against and culminate in the destruction of the goverment.

Fourth—Prevent the coming to or naturalization in this country of those who teach or entertain such pernicious doctrines.

Fifth—Prevent conspiracies in the United States to murder the rulers of other civilized nations.

Sixth—Provide adequate and uniform punishments for these offenses wherever committed.

All the offenses against government and intended to impair or overthrow the government of the United States.

The report makes an elaborate presentation of the powers of congress to deal with the subject; the need of shutting out the lawless who seek our shores, and the care the committee has exercised not to trench upon legitimate freedom of speech and of the press.

The Choctaw railroad will rear a baby which was found abandoned on one of its cars east of El Reno, Okla., Friday. The child was left in a seat in a basket which was well supplied with warm milk. On the handle of the basket was a note, saying: "I have no parents; please take me to the next station." The conductor telegraphed to the company headquarters and was told to take the baby to the next station. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

SSS We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

Queen Quality

We hereby give notice that THE PEOPLE'S STORE is our only authorized agent in Fort Wayne for the sale of the genuine Queen Quality shoes under our guarantee. Our damaged shoes we sell to certain dealers under an agreement that they shall be sold as imperfect goods; as we are not willing that damaged or second quality shoes of our make shall be offered to the public as first quality, even when the damage is not apparent to the eye.

Those who buy Queen Quality shoes of other dealers than those designated by us as our authorized agents, will have only themselves to blame for any disappointment or loss that may ensue.

First prizes were won by Joseph Kleinrichert and Mrs. Charles Henker and the consolations by Matt Zuttermester and Mrs. John Drezel. A dainty luncheon was served at 11 o'clock.

The Young Men's Social club of the First Presbyterian church held its initial social session in its club room last evening and the affair was a great success in every respect. At the conclusion of the business session a Welsh rarebit was served, together with other delicacies, and an impromptu musical program was rendered. Ten new members were admitted to the society. Another social evening will be held next Thursday night.

Huntington Democrat: Evidence was all in in the case of Nieman vs. the Fort Wayne Gas company this afternoon. The case will probably be given to the jury Friday morning.—Judge Aiken, of Fort Wayne, this afternoon began hearing the case of Heaston, administrator of the estate of Mary M. Conchey, vs. Emma A. Foster. It is one of long standing and is one to set aside an alleged fraudulent judgment entered ten years ago.

NOT FOR SPALDING.

New York, Feb. 7.—Andrew Freedman, of the New York base ball club has, according to the Press, received a communication from A. H. Soden, president of the Boston club, in which Mr. Soden is quoted as saying: "There is no condition or circumstances that can arise in the National league, under which the vote of the Boston club ever will be cast for A. G. Spalding for any office in it." Freedman declares that the four clubs on his side in the National league rupture are as firm as ever in their determination to stick together.

Phoenix and Fort Wayne lodges, Nos. 101 and 116, Knights of Pythias anticipate a grand time at Huntington on Thursday, February 20, the occasion being the district meeting of the order. The Huntington brethren have already commenced the work of preparing for the meeting and the banquet, which they propose shall eclipse anything ever witnessed in that city.

What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it today Try Jell-O, a delicious and healthful dessert. Prepared in two minutes No boiling! no baking! simply add boiling water and set to cool. Flavors—Lemon, Orange, Raspberry and Strawberry. Get a package at your grocer's today. 10 cts. 12-20-tf

Long Hair

Ayer's Hair Vigor doesn't make every one's hair grow to a remarkable length. But it does sometimes produce the most marvelous results. This is because it is a hair-food. It feeds the hair, nourishes it; hence stops falling of the hair and always restores color to gray hair.

"Ayer's Hair Vigor stopped my hair from falling and made it grow, until now it is 45 inches long."

REVIEW OF YEAR'S WORK.

The Second Church of Christ, Scientist, held its first annual meeting last evening in the church edifice, 96 Harrison street, and listened to a review of the work of the past year. The report showed that there are forty members, eleven of which came into the church since its organization, who had never been members of a Christian Science church previously. There are 23 Sunday school scholars enrolled. The work accomplished by church and Sunday school, both spiritually and financially, has been most gratifying. The total receipts for the year were $1,001.43 and all obligations of the church have been met, leaving a balance in the treasury. A public reading room is open daily at 24 East Washington street. One lecture on Christian Science was given under the auspices of the church by Mrs. A. M. Knott, C. S. D., of Detroit, Mich.

ANOTHER

BIG SILK SALE TOMORROW.

This Silk bargain is far ahead of any Silk sale ever before announced in Fort Wayne.

THE FRANK DRY GOODS CO.

PARISHONERS MAY APPEAL.

(Lafayette Courier.)

The reply of Bishop Alerding to the petition presented last week by the people of St. Mary's church, who have been ordered to St. Ann's church through the new boundary line edict, has been received. In very kindly but very firm words the bishop refuses to revoke his order, and at least seventy families will have to transfer to St. Ann's parish. There is no alternative except on appeal to Mgr. Martinelli, apostolic delegate at Washington, D. C. The members of the transferred families are not satisfied with the edict which removes them from the church they have so long attended and they seriously contemplate an appeal to the delegate, in which case they will make a determined effort to have the order of the bishop revoked. Bishop Alerding says that he has given the matter full consideration and believes the change in boundary lines is but just to St. Ann's. The committee appointed by the objecting element in St. Mary's is composed of Martin A. Quinn, Cornelius Hurley, L. C. Clark, James Donegan and Philip McCauley. It is said they will carry the matter to Cardinal Martinelli.

WASN'T CURED.

Didn't Get Well of Anything.

"I spent three weeks with a friend in Dayton last winter. She was using Postum Coffee exclusively as a beverage at meals. I said, 'I thought you were so fond of coffee that you could not be induced to give it up.' 'Well,' my friend said, 'we got to liking this Postum Coffee, for it serves as a food as well as a beverage, and we have all felt so much better since leaving off the old coffee.'

"I learned to make the Postum and made it fine, so when I went home I began to serve it to my husband instead of the old-fashioned coffee. About a week afterwards I asked him how he liked the coffee, and told him I had been trying a new kind. He says, 'I think it is most excellent. Is it Mocha or Java, or a mixture?' I told him that it was the famous Postum we had read so much about and he most jumped from his chair in surprise, but the change has become a fixture and he will never give up Postum and go back to the old fashioned coffee, for we not only like it better, but we feel so much better in every way." This lady's name given by Postum Co., Battle Creek, Mich.

CALLED A PHYSICIAN.

Wabash, Ind., Feb. 7.—Miss Effie Jenkins, night operator at the Home Telephone exchange, narrowly escaped death by asphyxiation early yesterday morning. Gas fumes from the room below filled the exchange room while she slept, and as she was aroused to answer a call she realized her condition and rang up a physician, who came and broke in the door, finding her unconscious. The doctor said that in ten minutes she would have been dead. She remained unconscious till 9 o'clock, when she was taken home.

BOYCOTT A REVIVAL MEETING.

Brazil, Ind., Feb. 7.—A unique boycott is reported from Cloverland, just west of here. The minister, who is holding a revival meeting at the principal church there, made a trip to this city on the street car, and as a consequence only nine persons attended the services last night and the meeting will probably close. His congregation is principally laborers and their families and they are in sympathy with the street car strikers. The strikers have issued a call for a mass meeting to be held on the 12th, when they will organize a co-operative general merchandise store in retaliation for the action taken by the Merchants' association, which recently passed resolutions opposing boycotts.

BIG CEREAL TRUST.

New York, Feb. 7.—It is expected that the organization of the corn products company, which has been incorporated at Trenton, with $50,000,000 capital, will be completed by March 1. All the details have been completed and stockholders shortly will receive official circulars stating the terms of the deal, The company will own the National Starch company the Glucose Sugar Refining company, the Pope Glucose company and the Illinois Sugar Refining company. It will also own a large but minority interest in the New York Glucose company.

BOER LEADER CAPTURED.

Matjesfontein, Cape Colony, Feb. 7.—Lourens Erasmus, better known under the name of Commandant Marais, has been captured in the neighborhood of Laingsburg. Marais was the leader of the Boers who operated in the Zwart kop range in 1901.

RAISE DUTY ON SPIRITS.

Melbourne, Victoria, Feb. 7.—The federal house of representatives has confirmed the clause of the tariff bill imposing an excise duty of 11s on grape spirits and has raised the excise duty on barley, malt, molasses and maize spirits to 12s 6 d. Other spirits will pay a duty of 13s. The import duty remains at 14s.

GRANTED A FRANCHISE.

Delphos, O., Feb. 7.—The city council has granted the Lima and Fort Wayne electric line a franchise through the town. The application was accompanied by a certified check for $2,000 for the faithful performance of the work within the specified period.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my8eod&w

NOT FOR SPALDING.

New York, Feb. 7.—Andrew Freedman, of the New York base ball club has, according to the Press, received a communication from A. H. Soden, president of the Boston club, in which Mr. Soden is quoted as saying: "There is no condition or circumstances that can arise in the National league, under which the vote of the Boston club ever will be cast for A. G. Spalding for any office in it." Freedman declares that the four clubs on his side in the National league rupture are as firm as ever in their determination to stick together.

The case will probably be given to the jury Friday morning.—Judge Aiken, of Fort Wayne, this afternoon began hearing the case of Heaston, administrator of the estate of Mary McConehey, vs. Emma A. Foster. It is one of long standing and is one to set aside an alleged fraudulent judgment entered ten years ago.

Long Hair

Ayer's Hair Vigor doesn't make every one's hair grow to a remarkable length. But it does sometimes produce the most marvelous results. This is because it is a hair-food. It feeds the hair, nourishes it; hence stops falling of the hair and always restores color to gray hair.

"Ayer's Hair Vigor stopped my hair from falling and made it grow, until now it is 45 inches long."

REVIEW OF YEAR'S WORK.

The Second Church of Christ, Scientist, held its first annual meeting last evening in the church edifice, 96 Harrison street, and listened to a review of the work of the past year. The report showed that there are forty members, eleven of which came into the church since its organization, who had never been members of a Christian Science church previously. There are 23 Sunday school scholars enrolled. The work accomplished by church and Sunday school, both spiritually and financially, has been most gratifying. The total receipts for the year were $1,001.43 and all obligations of the church have been met, leaving a balance in the treasury. A public reading room is open daily at 24 East Washington street. One lecture on Christian Science was given under the auspices of the church by Mrs. A. M. Knott, C. S. D., of Detroit, Mich.

THE FRANK DRY GOODS CO.

PARISHONERS MAY APPEAL.

(Lafayette Courier.)

The reply of Bishop Alerding to the petition presented last week by the people of St. Mary's church, who have been ordered to St. Ann's church through the new boundary line edict, has been received. In very kindly but very firm words the bishop refuses to revoke his order, and at least seventy families will have to transfer to St. Ann's parish. There is no alternative except an appeal to Mgr. Martinelli, apostolic delegate at Washington, D. C. The members of the transferred families are not satisfied with the edict which removes them from the church they have so long attended and they seriously contemplate an appeal to the delegate, in which case they will make a determined effort to have the order of the bishop revoked. Bishop Alerding says that he has given the matter full consideration and believes the change in boundary lines is but just to St. Ann's. The committee appointed by the objecting element in St. Mary's is composed of Martin A. Quinn, Cornelius Hurley, L. C. Clark, James Donegan and Philip McCauley. It is said they will carry the matter to Cardinal Martinelli.

WASN'T CURED.

Didn't Get Well of Anything.

"I spent three weeks with a friend in Dayton last winter. She was using Postum Coffee exclusively as a beverage at meals. I said, 'I thought you were so fond of coffee that you could not be induced to give it up.' 'Well,' my friend said, 'we got to liking this Postum Coffee, for it serves as a food as well as a beverage, and we have all felt so much better since leaving off the old coffee.'

"I learned to make the Postum and made it fine, so when I went home I began to serve it to my husband instead of the old-fashioned coffee. About a week afterwards I asked him how he liked the coffee, and told him I had been trying a new kind. He says, 'I think it is most excellent. Is it Mocha or Java, or a mixture?' I told him that it was the famous Postum we had read so much about and he most jumped from his chair in surprise, but the change has become a fixture and he will never give up Postum and go back to the old fashioned coffee, for we not only like it better, but we feel so much better in every way." This lady's name given by Postum Co., Battle Creek, Mich.

CALLED A PHYSICIAN.

Wabash, Ind., Feb. 7.—Miss Effie Jenkins, night operator at the Home Telephone exchange, narrowly escaped death by asphyxiation early yesterday morning. Gas fumes from the room below filled the exchange room while she slept, and as she was aroused to answer a call she realized her condition and rang up a physician, who came and broke in the door, finding her unconscious. The doctor said that in ten minutes she would have been dead. She remained unconscious till 9 o'clock, when she was taken home.

BOYCOTT A REVIVAL MEETING.

Brazil, Ind., Feb. 7.—A unique boycott is reported from Cloverland, just west of here. The minister, who is holding a revival meeting at the principal church there, made a trip to this city on the street car, and as a consequence only nine persons attended the services last night and the meeting will probably close. His congregation is principally laborers and their families and they are in sympathy with the street car strikers. The strikers have issued a call for a mass meeting to be held on the 12th, when they will organize a co-operative general merchandise store in retaliation for the action taken by the Merchants' association, which recently passed resolutions opposing boycotts.

BIG CEREAL TRUST.

New York, Feb. 7.—It is expected that the organization of the corn products company, which has been incorporated at Trenton, with $80,000,000 capital, will be completed by March 1. All the details have been completed and stockholders shortly will receive official circulars stating the terms of the deal. The company will own the National Starch company the Glucose Sugar Refining company, the Pope Glucose company and the Illinois Sugar Refining company. It will also own a large but minority interest in the New York Glucose company.

BOER LEADER CAPTURED.

Matjesfontein, Cape Colony, Feb. 7.—Lourens Erasmus, better known under the name of Commandant Marais, has been captured in the neighborhood of Laingsburg. Marais was the leader of the Boers who operated in the Zwart kop range in 1901.

RAISE DUTY ON SPIRITS.

Melbourne, Victoria, Feb. 7.—The federal house of representatives has confirmed the clause of the tariff bill imposing an excise duty of 11s on grape spirits and has raised the excise duty on barley, malt, molasses and maize spirits to 12s 6 d. Other spirits will pay a duty of 13s. The import duty remains at 14s.

GRANTED A FRANCHISE.

Delphos, O., Feb. 7.—The city council has granted the Lima and Fort Wayne electric line a franchise through the town. The application was accompanied by a certified check for $2,000 for the faithful performance of the work within the specified period.

Germany does not intend to be shouldered from her position as the best friend of Uncle Sam. Meanwhile the struggle for that proud distinction is bringing out some very interesting diplomatic history.

Henry Watterson has again taken occasion to deny that he has any intention to be a candidate for the presidency and he makes the statement a bit more serious and emphatic than heretofore. In a recent interview he asserts he would as soon think of attempting to predict crop conditions as political conditions in 1904. And this may in some measure account for his certainty that he will not be a candidate.

Indiana's war claim of $700,000 against the federal government seems in a fair way to be allowed. The senate has agreed to the claim as an amendment to the urgent deficiency bill and the measure has gone back to the house. The claim has been pending a long time, it is just and should be allowed. The state's credit was pledged for the maintenance of the union at the outbreak of the rebellion and the state should be reimbursed for the burdens it assumed in those dark days.

The Cuban question promises to become something of a muddle in congress before any settlement is arrived at. Already there is deep distrust of Congressman Newland's annexation resolution and disinterested friends of the island are unable to make out the purport of the Nevada statesman's proposition. At all events, annexation will be no more agreeable to the sugar and tobacco interests of the states than a partial or complete demolition of the tariff barrier against Cuban products of the sort upon which high duties are demanded. We doubt not that it would be better for Cuba and better for the United States to annex the island, but it is a question for the Cubans to decide. The sugar barons may be relied on to promote sentiment against annexation among the Cubans and their friends in congress will look after affairs at the capital.

In a recent editorial the Chicago American gave some good advice to men in general. It counseled this resolution: "I shall try to stop talking and bragging about myself," and added this recommendation: "Brag about your wife—that is a good thing. And brag about your baby—it's not in human nature to avoid that. Say all the good you can of others. But stop talking and bragging about yourself." The advice is good, the recommendation worthy, and if generally followed will work both ways for your enjoyment. You won't bore others and they won't bore you.

The times are hatching out plenty of troubles for President Roosevelt some of them of painful sort. For instance he was lately impelled to severely rebuke General Miles, a soldier who it was supposed he profoundly admired and sincerely liked. Now he is face to face with what he conceives to be his duty to similarly rebuke Leonard Wood, governor general of Cuba, and brigadier general in the United States army. General Wood was first colonel of the famous rough riders and President Roosevelt's superior officer. Before, during and since the Spanish war bonds of strong friendship united them. Governor General Wood's offense consisted of sending to a number of influential members of the senate a circular letter strongly urging the necessity and justice of tariff concessions to Cuba and it has stirred up a hornet's nest. General Wood has been a most strenuous advocate of a tariff favorable to Cuba and no man knows better than he knows the necessity for such concessions. In that respect he is one with the president and doubtless thought he was aiding his chief in urging tariff reciprocity on the senate. The impropriety of his effort is easily admitted, though the worthiness of his intention cannot be denied. But all this does not make it a whit easier for the president to overlook it any more than the offense makes it more agreeable for the president to censure him. Mr. Roosevelt's path of duty appears to be pursuing a rocky course.

STOPHLET STREET GAS EXPLOSION YET UNEXPLAINED.

Condition of Little Louise Koppenhoefer Improves and Physicians Hope for Recovery.

Workmen have not yet succeeded in finding the source from which came the gas which wrecked the house of Fred Koppenhoefer, on Stophlet street, in the explosion Thursday morning. Yesterday afternoon inspectors of the Fort Wayne Gas company began a system of thorough tests, but President Paul said this morning that they had as yet been unable to locate any sort of leak from which the gas might have come. All the pipes in the vicinity of the house seem to be in good condition, and Mr. Koppenhoefer says that but a few months ago he had a plumber go over the house to see that everything was in satisfactory condition. The investigations will be continued and men are yet working upon it.

LITTLE GIRL IS BETTER.

Report from the bedside of little Louise Koppenhoefer, whose skull was fractured by the force of her fall when the explosion occurred, is of a much more encouraging nature today. Dr. M. F. Schick stated to The Sentinel this afternoon that he regarded her condition as greatly improved over yesterday. There is yet no indication of inflammation from the injury, the little sufferer is bright, talks somewhat and has taken some nourishment. While the improvement thus far is marked and has given decided encouragement to friends, Dr. Schick says the outcome cannot be safely foretold for several days.

SAMUEL GOMPERS HEARD.

Washington, Feb. 7.—Samuel Gompers was before the senate committee on immigration today and reiterated the statements heretofore made regarding Chinese immigration. He dwelt especially upon the smuggling of Chinese from Canada and Mexico. Inspector Dunn estimated that 3,000 Chinamen came into the country from Canada and Mexico annually. Charles H. Litchman, of the industrial commission, said the commissioin took strong ground in favor of continued Chinese exclusion.

De cole winds blow an' de air am chill,
An' de snowflakes flutter 'round;
An' de white flakes fall wid ebery gust,
To speckle de frozen ground.

COMPLETED HIS LECTURES.

Dr. D. W. Finnimore, of Pottsdam, N. Y., who has been in the city the past two weeks lecturing to the senior class of the Fort Wayne College of Medicine, completed his series of lectures on "Nervous Diseases" yesterday and this morning conducted the examinations. Dr. Finnimore is a graduate of the Fort Wayne college and his first visit to the city in many years has been very pleasant to him and extremely profitable to the students who have come under his instruction. Dr. Finnimore made many new friends while in Fort Wayne, and it is altogether probable that he will return next year for a series of lectures. He left this afternoon over the Nickel Plate for his New York home.

HANGED FOR MURDER.

Sault Ste. Marie, Ont., Feb. 7.—Frederick Schultz was hanged here today. One night in the first week of August last Schultz returned home intoxicated and after a quarrel with Mrs. Craig, a woman who passed as his wife, deliberately shot her. He was arrested and after a trial was found guilty and sentenced to death.

Mrs. Barney Meyer gave a sleighing party a few days ago to the home of Mrs. John Meyer, east of the city, the guests being the members of the Morning Star club and a few friends. A delicious supper was served before the party returned home.

INSURGENTS HOLD GROUND.

Port of Spain, Island of Trinidad, Feb. 7.—The Venezuelan troops sent to disperse the insurgents in the vicinity of Guiria have been compelled to fall back upon Carupano, which place they reached in an exhausted condition. The troops lost a number of men killed or wounded in the skirmishes which they had daily with the insurgents.

Workmen have not yet succeeded in finding the source from which came the gas which wrecked the house of Fred Koppenhoefer, on Stophlet street, in the explosion Thursday morning. Yesterday afternoon inspectors of the Fort Wayne Gas company began a system of thorough tests, but President Paul said this morning that they had as yet been unable to locate any sort of leak from which the gas might have come. All the pipes in the vicinity of the house seem to be in good condition, and Mr. Koppenhoefer says that but a few months ago he had a plumber go over the house to see that everything was in satisfactory condition. The investigations will be continued and men are yet working upon it.

LITTLE GIRL IS BETTER.

Report from the bedside of little Louise Koppenhoefer, whose skull was fractured by the force of her fall when the explosion occurred, is of a much more encouraging nature today. Dr. M. F. Schick stated to The Sentinel this afternoon that he regarded her condition as greatly improved over yesterday. There is yet no indication of inflammation from the injury, the little sufferer is bright, talks somewhat and has taken some nourishment. While the improvement thus far is marked and has given decided encouragement to friends, Dr. Schick says the outcome cannot be safely foretold for several days.

SAMUEL GOMPERS HEARD.

Washington, Feb. 7.—Samuel Gompers was before the senate committee on immigration today and reiterated the statements heretofore made regarding Chinese immigration. He dwelt especially upon the smuggling of Chinese from Canada and Mexico. Inspector Dunn estimated that 3,000 Chinamen came into the country from Canada and Mexico annually. Charles H. Litchman, of the industrial commission, said the commission took strong ground in favor of continued Chinese exclusion.

De cole winds blow an' de air am chill,
An' de snowflakes flutter 'round;
An' de white flakes fall wid ebery gust,
To speckle de frozen ground.

COMPLETED HIS LECTURES.

Dr. D. W. Finnimore, of Potsdam, N. Y., who has been in the city the past two weeks lecturing to the senior class of the Fort Wayne College of Medicine, completed his series of lectures on "Nervous Diseases" yesterday and this morning conducted the examinations. Dr. Finnimore is a graduate of the Fort Wayne college and his first visit to the city in many years has been very pleasant to him and extremely profitable to the students who have come under his instruction. Dr. Finnimore made many new friends while in Fort Wayne, and it is altogether probable that he will return next year for a series of lectures. He left this afternoon over the Nickel Plate for his New York home.

HANGED FOR MURDER.

Sault Ste. Marie, Ont., Feb. 7.—Frederick Schultz was hanged here today. One night in the first week of August last Schultz returned home intoxicated and after a quarrel with Mrs. Craig, a woman who passed as his wife, deliberately shot her. He was arrested and after a trial was found guilty and sentenced to death.

Mrs. Barney Meyer gave a sleighing party a few days ago to the home of Mrs. John Meyer, east of the city, the guests being the members of the Morning Star club and a few friends. A delicious supper was served before the party returned home.

INSURGENTS HOLD GROUND.

Port of Spain, Island of Trinidad, Feb. 7.—The Venezuelan troops sent to disperse the insurgents in the vicinity of Guiria have been compelled to fall back upon Carupano, which place they reached in an exhausted condition. The troops lost a number of men killed or wounded in the skirmishes which they had daily with the insurgents.

DIE IN ACCIDENTS

TWO LIVES GO OUT UNDER TRAGIC CIRCUMSTANCES.

WILLIAM RACQUET KILLED

GRASPED LIVE WIRE AT JENNEY ELECTRIC PLANT.

FARMER'S FATAL ACCIDENT

WAS BURIED BENEATH LOAD OF FARM MACHINERY.

Distressing accidents late Thursday afternoon were responsible for the sudden death of two men, one a resident of Fort Wayne and the other a well known farmer north of the city. The dead:

Racquet, William, killed by live wires at the Jenney Electric Light company's plant.

Reuille, Louis, crushed beneath overturned load of farming machinery.

The accident in which Racquet lost his life occurred at the plant of the Jenney Electric Light and Power company, on Spy Run avenue, at 5:15 o'clock. Racquet was a dynamo tender in the employ of the company and none of the other employes are able to tell precisely how the terrible affair happened. Racquet was noticed to walk along in front of the incandescent switchboard and was seen to stumble. For an instant he disappeared from view and Foreman Piepenbrink, who hurried to the spot, found the prostrate man doubled forward against the switchboard, grasping two live wires attached to the board.

The foreman instantly threw the switchboard out of service and drew Racquet's body away, but the hands which grasped the live wires were burned to the bone. The tremendous current had done its fatal work and Racquet was beyond human aid. It is presumed that he slipped and in attempting to save himself from falling, accidentally got hold of the two death-dealing wires. Coroner Barnett, who was summoned at once, returned a finding that Racquet lost his life by accidentally grasping two fused wires and that death was instantaneous. At the electric station it is said that Racquet had been in the employ of the company about seven years and was regarded as a careful and competent man. It is the first fatality that has occurred at the plant since it was established eighteen years ago.

Racquet's remains were removed to his home, 69 Elizabeth street. The unfortunate man was thirty years old and married. He was born and reared in this city and had many friends. He carried a policy for $1,000 in the Union Central Life Insurance company.

In addition to the immediate family, other relatives of the dead man include his father, five sisters and three brothers—Mrs. George Sunley, of this city; Mrs. Gust. Fritz, of Lake township; Mrs. George Keller, of this city; Mrs. Victor Kamp, of Sioux City, Iowa; Mrs. Walter Fischer, of this city, and Charles, Peter and Chris. Racquet, of Fort Wayne.

DEAD IN THE SNOW.

Louis J. Reuille's lifeless body was found upon the Lima road just north of the city at 5:30 o'clock Thursday evening, buried beneath his overturned load of farm machinery. A junk dealer named Miller was the first to discover the prostrate body as it lay face downward in the snow, a heavy mowing machine resting upon it. Miller quickly called the assistance of neighboring farmers. The scene of the accident was in the hollow just north of the Pfeiffer farm.

It transpires that Reuille, who recently purchased and moved upon the old Porter farm, three miles north of the city, was engaged on Thursday in transporting a sled loaded with heavy farm machinery to his new home. At the spot indicated the load was overturned and the driver was caught beneath the tremendous weight, crushing him down, and Coroner Barnett says the neck was broken and that death was instantaneous. So great was the weight that four men were unable to lift it to extricate the body and the team of horses, which were still hitched to the sled, were used to remove the machinery. For some time after the discovery the victim's identity was unknown, but he was finally identified by a son of Allen Porter, residing in the neighborhood. The remains were removed to the undertaking rooms of Klaehn & Melching.

Louis J. Reuille was born in Jefferson township November 4, 1864, and had been a resident of Allen county all his life. He was married to Miss Lizzie Pettijohn in 1888 and five children were born to them. The children are four sons and one daughter, the oldest of whom is thirteen years of age. He leaves an aged mother, Mrs. Catherine Reuille, who is a resident of Jefferson township and is seventy-seven years old. He also leaves two brothers, three half-brothers, three stepbrothers, one half-sister and one stepsister. They are Mrs. August Martin, 88 North Harrison street; Mrs. August Huguenard, 152 High street; and Charles, Nora and Julian Martin; Charles, James and Henry Reuille, and Mrs. Jane Burcho, all of Jefferson township.

PREPARING FOR REUNION.

Township Trustee Schirmeyer was at Defiance, Ohio, yesterday perfecting arrangements for the annual reunion of the survivors of the Sultana disaster on the Mississippi river during the early days of the civil war. The reunion fill be held in this city on the 29th of next April and it will be the first reunion of the survivors ever held in the state of Indiana. The previous reunions, of which there have been over a score, have been held in either Michigan or Ohio. While at Defiance Mr. Schirmeyer was chaperoned by Joseph Evans, an old Fort Wayne man, now mayor of the Ohio city.

ELKS AS MINSTRELSY STARS

ANNUAL CHARITY ENTERTAINMENT IS GIVEN.

Packed House at Masonic Temple Bestows Much Applause Upon the Antlered Actors.

Before a great audience that manifested its pleasure in frequent and enthusiastic applause, the local stars of minstrelsy included within the membership of the Fort Wayne lodge of Elks gave their eighth annual charity entertainment at Masonic Temple last evening, and they set a new pace for Primrose, Dockstader and the rest of the talent in the black-face realm.

S. A. Grubbs, of Chicago, was in charge of the program and officiated as interlocutor in the first part, assisted there by a comedy contingent composed of James Dormer, H. Bogart, Ronald Dawson, Sam Bostick, R. S. Viberg, A. C. Hobrock, W. Malle, J. Duncan, Fred Ash and Jimmie O'Neil. Others who assisted in rounding out the symphony were J. E. Bash, A. F. Bailey, A. L. Randall, George Swain, C. Reuss, C. Spanley, Ed Rabus, W. E. Stemen, W. C. Rastetter, Joe Schwartzkopf, R. Fox, R. Cragg, Robert Meyer, Oscar Brokaw, C. Zurmuehlen, E. Karn, F. Z. Staub, W. C. Schwier, Jason Bowman, L. Berghoff and A. C. Alter.

A. C. Hobrock started the real trouble with his discourse upon "Adam and Eve," and the first of the soloists was S. D. Hanna, who sang "Moonbeam Babe" and did it nicely. Interspersing the witty dissertations of the end men, who were minus the customary bones and tambourines, W. Malle sang "The Phrenologist Coon," Harry Bogart was clever in "The Music Man," and James Dormer caught the fancy of the crowd with "Cunnin' Carolina Coon" and the characteristic dance which followed it. The musical gem of the evening was given by D. F. Urbahns, who rendered "The Shade of the Palms" from "Florodora," and he came in for enthusiastic applause.

It was at this juncture that the premier comedians, Messrs. Knight and O'Neil, were introduced, and their work upon the ends livened things up considerably. Mr. O'Neil gave a topical song, "Fine and Dandy," and Mr. Knight followed with another, "I Wish I Were a Little Bird." Both sparkled with local hits. Beineke's orchestra rendered the music throughout and was up to its usual high standard.

Opening the olio, Lew V. Ulrey gave two characterizations—the first, "Aunt Doleful," being especially clever. Ronald Dawson was heard to splendid effect in the song, "For Old Time's Sake," the rendition being illustrated with a series of stereopticon pictures. Messrs. Grubbs, Duncan, Larimer and Alter did a clever musical turn that brought down the house, and Mr. O'Neil scored another hit with his monologue work in "A Bunch of Witticisms." A sketch entitled "The Sons of Ham" was the closing feature, and it was made the vehicle for the introduction of a number of additional songs, which were well received.

The entertainment will be repeated this evening and another big house is assured. The proceeds are given to charity and a handsome sum will be realized.

TO VOTE ON RAILWAY SUBSIDY.

Goshen, Ind., Feb. 7.—The county commissioners today ordered a special election to be held in Elkhart township March 8 for the purpose of voting $30,000 aid to the proposed Goshen and Fort Wayne interurban railway. Turkey Creek township, Kosciusko county, will vote on a similar proposition the same day.

SCHLEYS GO TO WASHINGTON.

Knoxville, Tenn., Feb. 7.—Admiral and Mrs. Schley left here at 8:37 o'clock today for Washington in the private car of W. H. Peddle, superintendent of transportation of the Southern railway, and the entire trip will be made over the Southern. Admiral and Mrs. Schley were accompanied to the depot by the local reception committee and a large throng of citizens. They were given a farewell ovation. The train is scheduled to arrive in Washington at 6:42 tomorrow morning.

HAD PLENTY OF CASH.

New York, Feb. 7.—Harry Levy, also known as "Red Levy" and "Harry Lewis, the plunger," arrested here yesterday at the request of the police department of Baltimore, for alleged forgery, was in the Center street police court today and was remanded until Sunday. He had $41,000 on him when arrested. He said that he won $100,000 on the horses in California, but his luck turned and he lost $59,000.

YOUNG "TEDDY" IS ILL.

Washington, Feb. 7.—Owing to the illness of Theodore Roosevelt, jr., who, it is said, is suffering from pneumonia at Groton, Mass., Mrs. Roosevelt will leave for Groton this afternoon, where she probably will remain for some days. Mrs. Roosevelt has been obliged to recall her invitations for a tea next Monday and also to cancel all her engagements in Washington for the present.

It is not known yet whether the proposed trip of the president to Charleston will be abandoned. It is known that he will go if his son's condition will warrant it and much will depend upon Mrs. Roosevelt's report after she reaches the young man's bedside.

It is not known yet whether the proposed trip of the president to Charleston will be abandoned. If is known that he will go if his son's condition will warrant it and much will depend upon Mrs. Roosevelt's report after she reaches the young man's bedside.

THE EDITORS FEEL HOPEFUL

THINK DEMOCRATS OF STATE DUE FOR VICTORY.

Hon. J. B. Stoll Addresses Meeting and Urges Hot Campaign on Trust Issue.

Indianapolis, Ind., Feb. 7.—The democratic editors of Indiana were in convention here yesterday. All the old wheelhorses were present, but the general attendance was not as large as usual. Among the more prominent delegates were John B. Stoll, of South Bend; Luther Short, consul general at Constantinople under President Cleveland, and the venerable Mayor Simpson, of Paoli, who presided. Numerous papers were read and discussed. The principal speech was made by John B. Stoll.

The meeting of the editors brought together a number of party workers. The editors talked politics and seemed to be of the opinion that their party is due for a victory in this state. Several said the coming campaign would be fought largely along state issues, but that so many national questions were making material for them that they could not make up their minds which policy they would pursue.

In his address Editor Stoll urged democrats to unite to crush trusts and then said:

"The number of trusts now in existence is startling. Hardly a necessity in life but that is under the control of some one of them. Take the railroad combinations exercising powers almost coequal with the government. They override interstate commerce lines with impunity. They virtually make laws and, if need be, execute these laws in part by an armed constabulary legalized to act as a merchant police. They take land from the individual without his consent by means of favored legislation. They exercise an indirect taxing power and by it place a price upon every bushel of grain and every pound of beef and pork in the process of transportation.

"Let us try to comprehend this power. Two of our rich men can pay the entire indebtedness of the United States and have money left for steam yachts and to break the bank at Monte Carlo. Six of them can assume the debts of either Great Britain, Germany, Russia or Italy. If these men ever secure the monopoly of banking and become custodians of the government's reserve in the treasury then will the attempts of the people to resist their power or throw off their yoke be a task so great that the ten year's struggle with the old United States bank was but child's play compared with it."

BASE BALL NOTES.

Dale Gear, of the Kansas City American association team, has been heaping abuse on certain Western league managers, accusing them of inducing American association stars to jump their contracts. It transpires that Gear induced Mills Ebright, who signed with the Omaha Western league team, to jump to the Kansas City American association team. Gear's tactics are obnoxious alike to managers and players.

Several Western base ball managers have turned down Amos Rusie, who is vainly endeavoring to secure a position on the pitching staff of some minor league.

Outfielder Davy Jones has jumped from the Chicago National league team to the St. Louis American league team.

Manager Strobel has signed Outfielder John Flournoy. Flournoy was the star batsman of the league when he played with Mansfield in the old Interstate days.

Strobel has released Catcher Ludwig, Third Baseman Bobby Cargo, Shortstop Mike Woodlock and Outfielder Eddie Jess.

President Hickey, of the American association, has notified managers that 5 per cent. will be charged on all free passes. Hickey will issue passes to newspaper men and a favored few, good on any of the grounds in his league, and no percentage will be charged on them.

SOLD A BIG FARM.

(Plymouth Democrat.)

One of the largest real estate transactions that has taken place in this county was consummated Monday in the sale of what is known as the Simons farm east of town by John Dolman, of Fort Wayne, to Wm. Bolman, of this city. The tract contains 470 acres, the consideration for which was $22,600. The farm is an excellent one.

QUICK AIM SAVES COLLISION.

Frankfort, Ind., Feb. 7.—A serious collision on the Monon railroad was narrowly averted yesterday morning. A freight train which was scheduled to take a siding was found to be too long for the siding and some of the cars were forced to stay on the main track. Brakeman Burns was sent to flag the passenger, which, a few minutes late, was coming down the track at sixty miles an hour. In the blinding snowstorm Engineer Cline of the passenger could not see the signal and as the engine passed Brakeman Burns hurled his lantern into the cab. Despite the speed of the train his aim was good and the lantern crashed to pieces on the cab floor. Engineer Cline saw the pieces of red glass and, grasping the situation, applied all brakes, bringing the express to rest within twenty feet of the freight train.

INHALED HAIRS AND WILL DIE

Wabash, Ind., Feb. 7.—Andrew Teeter, a barber at Akron, twenty miles northwest of this city, is at death's door from a peculiar cause. He has followed his trade for years, and some time ago his lungs became affected. A specialist, brought from Wisconsin, today made an examination and found the patient's throat and bronchial tubes full of short hairs, imbedded in the membrane. It is thought the hairs were inhaled while Teeter, who is short, clipped hair, and the irritation brought on tuberculosis. His death is a matter of only a few days.

LIBERTADOR NOT SUNK.

Willemstad, Island of Curacoa, Feb. 7.—The Venezuelan revolutionary steamer Libertador (formerly the Ban Righ), erroneously reported to have been sunk by a Venezuelan gunboat at Porto Colombia, was cruising off this island last night and was off the coast of Curacoa at 4 o'clock this morning. She communicated with the shore by boat and must have steamed away shortly after 4 a. m.. It is believed that the French cruiser D'Estrees, which arrived here during the morning, disturbed the operations of the Libertador. It is said that the landing of war munitions on the Venezuelan coast by the Libertador will now be very actively pushed.

IN NORTHERN INDIANA

Four new rural routes are to be established out of Lagrange.

Francis Marion King, of Columbia City, died Thursday from apoplexy.

Freewill Baptists have dedicated a new church at Eddy, Lagrange county.

Mayor Plessinger, of Bluffton, has just performed his first marriage ceremony.

Extensive drain ditches are causing a gradual drying up of the big Kankakee marsh in northwestern Indiana.

The Home Telephone company at Logansport, in which Fort Wayne men are largely interested, now has 878 subscribers.

Decatur people are having a whole lot of fun over the fact that the stove in the gas office there recently exploded from the use of kerosene as fuel.

She danced at Marion while her husband cooked and washed dishes at Kokomo. That's why Frank Haselbine, of the latter place, wants a divorce.

J. J. Miller, of Clinton township, Elkhart county, who died a few days ago at the age of 55 years, was the father of twenty children. Fifteen are living.

Turkey Creek township, Kosciusko county, will vote March 8 on the proposition to donate a $15,000 subsidy to the Fort Wayne and Goshen electric line.

Recent deaths in Lagrange county include Susan A. Saxauer, aged 74; Mrs. Almira Hill, aged 82; John A. Draggoo, aged 68; Mrs. Mary Sheely Platz, aged 74.

Ben Smith, a prominent farmer near Wabash, was so badly frozen Tuesday evening that he may lose one hand. He was thrown from his sleight while driving home.

Students of the Howe Military school at Lima responded in a body to an alarm of fire a few evenings ago and quickly conquered the blaze, which was in a residence near the school.

Miss Mary Price and William Fulton eloped from Eaton to Hartford City. They wanted to be romantic and asked Justice Lucas to marry them while seated on a coffin at Undertaker Bell's. Justice Lucas refused and they were married in his office a few minutes before the arrival of the irate father.

THE MARKETS.

Chicago, Feb. 7.—May wheat today opened a shade to ⅛c higher at 78¼c to 78¼@78⅜c under the mild encouragement of the reciprocal attitude of Liverpool to the firmness here yesterday. The weather west, however, was reported "not unfavorable," and the professionals who alone inhabited the pit sold in a small way, sending May early to 78⅛c. Local receipts were 14 cars, none of contract grade. Minneapolis and Duluth reported 261 cars, making a total for the three points of 275 cars, against 260 last week and 384 a year ago. Argentine shipments were 588,000 bushels compared with 1,296,000 the corresponding week a year ago.

Shortly after the first hour wheat began to sag rapidly under the influence of corn selling and May sold down to 77⅝c, closing weak, ⅛c lower, at 77⅝@77¾c.

Rain in Argentina and the consequent improved prospects of the crop in that country was influential in the corn market. May opened unchanged to ⅛c higher at 63⅜c to 63½c on higher cables, but dropped to 63¼c. Business was professional in character and there was not much of it early. Receipts were 82 cars.

Selling in corn attributed both to St. Louis and to local professional longs, turned the sentiment in corn decidely bearish. May declined steadily as the session advanced and closed weak, 1¼c lower, at 62½c.

May oats opened ⅛@¼c lower at 44⅜c and on selling by scalpers dropped to 44⅝c. Selling was in sympathy with other grains and the absence of buying orders. Receipts were 50 cars.

Provisions were dull and prices lower on heavy hog receipts. May pork opened 5c to 10c lower at $15.92½ to $15.97½; May lard 5c down at $9.50, and May ribs 5@7½c depressed at $8.50@8.52½. These prices did not change materially during the first hour.

THE CLOSE.

Prices at the close were as follows:

Wheat—Feb., 74¾c; May, 77⅝@77¾c; July, 77⅞c.

Corn—Feb., 59¼c; May, 62½c; July, 62½c; Sept., 61½c.

Oil—North Lima, 85c; South Lima and Indiana, 80c.

THE DAY ON WALL STREET.

New York, Feb. 7.—Uniform gains of a small fraction were well distributed all through the active list in the opening dealings. Only a few stocks showed any signs of depression, among which were Amalgamated Copper, Southern Pacific and Metropolitan Street Railway. Illinois Central was lifted 1¼ on running sales and New York, Chicago and St. Louis rose a point.

There was an immediate resumption of the advance of special stocks as on yesterday, with the Vanderbilts showing the greatest strength. Cleveland, C., C. & St. Louis was dealt in ex-dividend of 2 per cent and sold at 105¾, making its rise 3 points. St. Paul and Omaha rose 4, Illinois Central, New York, Chicago and St. Louis second preferred, Iowa Central and Third Avenue were 2@2½ higher and United States Express, American Express, Hocking Coal, Canada Southern, Denver and Rio Grande, St. Paul preferred, St. Joseph and Grand Island first preferred, Iowa Central preferred, Pacific Coast and Toledo, St. Louis and Western preferred 1@1½. The strength of these stocks was utilized to cover profit-taking sales in some of the leading railroads and specialties.

Sugar declined to 127⅝, but was lifted strongly to 130¼. There were heavy sales of Southern Pacific and Amalgamated Copper, which lowered them a point and dragged the list down again. Some of the strong stocks sold off in sympathy, reactions of about a point occurring in Northwestern, United States Express, Rock Island, Cleveland, C., C. & St. Louis and Sugar.

The pressure against the active stocks was increased causing them to sag quite generally under yesterday's close. The rise in the less important stocks was also checked and there were some notable setbacks. The market became dull at the decline. Just before noon large buying orders were executed in Metropolitan Street Railway and it bounded up 2¾ to 173¾ with some strengthening effect on other stocks. Brooklyn Transit rose 1¼ over last night. Prices sagged again when Amalgamated fell below 73 and Metropolitan Street Railway reacted 1¼.

Bonds were irregular.

WHITNEY'S FORTUNE.

W. C. Whitney's retirement from active business, as now announced by him, does not surprise Wall street. For a long time he has not been active there.

Mr. hitney had private offices in the Mutual Life building, without even a name on the office door. He was seldom there and only a few persons knew he had a down-town office. Persons familiar with his habits say that frequently a month passed at the offices without a visit from Mr. Whitney. He went down town on an average not more than twice a month in the last eighteen months.

The street estimates Mr. Whitney's fortune at from $25,000,000 to $40,000,000.

So far Mr. Whitney has not retired from the directory of any of the companies with which he has been identified, including the following: Consolidated Gas, Cuba company, Clearwater and Racquette Lake railroad, Fifth Avenue Trust company, Metropolitan Opera and Real Estate company, Metropolitan Steamship company, Morton Trust company, Mutual Life Insurance company, Nassau County bank, National bank of Commerce, National Horse Show association and Third Avenue railroad.—New York Journal.

PRAYER FOR THE REPUBLIC.

One of the most impressive and significant Catholic ceremonies ever held in Washington was that at St. Patrick's church a few Sundays ago. For the first time in the history of the city the "prayer for the republic" was delivered. This ceremony has been held in but few other cities in this country.

Probably the most striking feature of the day was the presence of a large number of distinguished men and women, both of the church and of civil and official life. Cardinal Gibbons was present and pontificated. The ceremonies were witnessed by a congregation which completely filled the edifice. Every seat was occupied, all the available space was occupied by those standing, and hundreds were unable to gain admittance.—Washington Post.

THE LEG DID NOT COME OFF.

Northrop Has a Hard Time, But Saves His Leg.

NEWPORT NEWS, Va.—A man named Northrop spent sixteen weeks in the best hospitals in Norfolk for a special treatment of rheumatism. The doctors said he was bound to lose his right leg. He would not let them cut it off, so they sent him home. He took Ath-lo-pho-ros and found a permanent cure, so now he keeps Ath-lo-pho-ros in the house all the time and is never tired of singing its praise.

THE EDITORS FEEL HOPEFUL

THINK DEMOCRATS OF STATE DUE FOR VICTORY.

Hon. J. B. Stoll Addresses Meeting and Urges Hot Campaign on Trust Issue.

Indianapolis, Ind., Feb. 7.—The democratic editors of Indiana were in convention here yesterday. All the old wheelhorses were present, but the general attendance was not as large as usual. Among the more prominent delegates were John B. Stoll, of South Bend; Luther Short, consul general at Constantinople under President Cleveland, and the venerable Mayor Simpson, of Paoli, who presided. Numerous papers were read and discussed. The principal speech was made by John B. Stoll.

The meeting of the editors brought together a number of party workers. The editors talked politics and seemed to be of the opinion that their party is due for a victory in this state. Several said the coming campaign would be fought largely along state issues, but that so many national questions were making material for them that they could not make up their minds which policy they would pursue.

In his address Editor Stoll urged democrats to unite to crush trusts and then said:

"The number of trusts now in existence is startling. Hardly a necessity in life but that is under the control of some one of them. Take the railroad combinations exercising powers almost coequal with the government. They override interstate commerce lines with impunity. They virtually make laws and, if need be, execute these laws in part by an armed constabulary legalized to act as a merchant police. They take land from the individual without his consent by means of favored legislation. They exercise an indirect taxing power and by it place a price upon every bushel of grain and every pound of beef and pork in the process of transportation.

"Let us try to comprehend this power. Two of our rich men can pay the entire indebtedness of the United States and have money left for steam yachts and to break the bank at Monte Carlo. Six of them can assume the debts of either Great Britain, Germany, Russia or Italy. If these men ever secure the monopoly of banking and become custodians of the government's reserve in the treasury then will the attempts of the people to resist their power or throw off their yoke be a task so great that the ten year's struggle with the old United States bank was but child's play compared with it."

BASE BALL NOTES.

Dale Gear, of the Kansas City American association team, has been heaping abuse on certain Western league managers, accusing them of inducing American association stars to jump their contracts. It transpires that Gear induced Mills Enright, who signed with the Omaha Western league team, to jump to the Kansas City American association team. Gear's tactics are obnoxious alike to managers and players.

Several Western base ball managers have turned down Amos Rusie, who is vainly endeavoring to secure a position on the pitching staff of some minor league.

Outfielder Davy Jones has jumped from the Chicago National league team to the St. Louis American league team.

Manager Strobel has signed Outfielder John Flournoy. Flournoy was the star batsman of the league when he played with Mansfield in the old Interstate days.

Strobel has released Catcher Ludwig, Third Baseman Bobby Cargo, Shortstop Mike Woodlock and Outfielder Eddie Jess.

President Hickey, of the American association, has notified managers that 5 per cent. will be charged on all free passes. Hickey will issue passes to newspaper men and a favored few, good on any of the grounds in his league, and no percentage will be charged on them.

SOLD A BIG FARM.

(Plymouth Democrat.)

One of the largest real estate transactions that has taken place in this county was consummated Monday in the sale of what is known as the Simons farm east of town by John Bolman, of Fort Wayne, to Wm. Bolman, of this city. The tract contains 470 acres, the consideration for which was $22,600. The farm is an excellent one.

QUICK AIM SAVES COLLISION.

Frankfort, Ind., Feb. 7.—A serious collision on the Monon railroad was narrowly averted yesterday morning. A freight train which was scheduled to take a siding was found to be too long for the siding and some of the cars were forced to stay on the main track. Brakeman Burns was sent to flag the passenger, which, a few minutes late, was coming down the track at sixty miles an hour. In the blinding snowstorm Engineer Cline of the passenger could not see the signal and as the engine passed Brakeman Burns hurled his lantern into the cab. Despite the speed of the train his aim was good and the lantern crashed to pieces on the cab floor. Engineer Cline saw the pieces of red glass and, grasping the situation, applied all brakes, bringing the express to rest within twenty feet of the freight train.

INHALED HAIRS AND WILL DIE

Wabash, Ind., Feb. 7.—Andrew Teeter, a barber at Akron, twenty miles northwest of this city, is at death's door from a peculiar cause. He has followed his trade for years, and some time ago his lungs became affected. A specialist, brought from Wisconsin, today made an examination and found the patient's throat and bronchial tubes full of short hairs, imbedded in the membrane. It is thought the hairs were inhaled while Teeter, who is short, clipped hair, and the irritation brought on tuberculosis. His death is a matter of only a few days.

LIBERTADOR NOT SUNK.

Willomstad, Island of Curacoa, Feb. 7.—The Venezuelan revolutionary steamer Libertador (formerly the Ban Righ), erroneously reported to have been sunk by a Venezuelan gunboat at Porto Colombia, was cruising off this island last night and was off the coast of Curacoa at 4 o'clock this morning. She communicated with the shore by boat and must have steamed away shortly after 4 a. m.. It is believed that the French cruiser D'Estrees, which arrived here during the morning, disturbed the operations of the Libertador. It is said that the landing of war munitions on the Venezuelan coast by the Libertador will now be very actively pushed.

IN NORTHERN INDIANA

Four new rural routes are to be established out of Lagrange.

Francis Marion King, of Columbia City, died Thursday from apoplexy.

Freewill Baptists have dedicated a new church at Eddy, Lagrange county.

Mayor Plessinger, of Bluffton, has just performed his first marriage ceremony.

Extensive drain ditches are causing a gradual drying up of the big Kankakee marsh in northwestern Indiana.

The Home Telephone company at Logansport, in which Fort Wayne men are largely interested, now has 878 subscribers.

Decatur people are having a whole lot of fun over the fact that the stove in the gas office there recently exploded from the use of kerosene as fuel.

She danced at Marion while her husband cooked and washed dishes at Kokomo. That's why Frank Haseltine, of the latter place, wants a divorce.

J. J. Miller, of Clinton township, Elkhart county, who died a few days ago at the age of 55 years, was the father of twenty children. Fifteen are living.

Turkey Creek township, Kosciusko county, will vote March 8 on the proposition to donate a $15,000 subsidy to the Fort Wayne and Goshen electric line.

Recent deaths in Lagrange county include Susan A. Saxauer, aged 74; Mrs. Almira Hill, aged 82; John A. Druggeo, aged 68; Mrs. Mary Sheely Platz, aged 74.

Ben Smith, a prominent farmer near Wabash, was so badly frozen Tuesday evening that he may lose one hand. He was thrown from his sleight while driving home.

Students of the Howe Military school at Lima responded in a body to an alarm of fire a few evenings ago and quickly conquered the blaze, which was in a residence near the school.

Miss Mary Price and William Fulton eloped from Eaton to Hartford City. They wanted to be romantic and asked Justice Lucas to marry them while seated on a coffin at Undertaker Bell's. Justice Lucas refused and they were married in his office a few minutes before the arrival of the irate father.

THE MARKETS.

Chicago, Feb. 7.—May wheat today opened a shade to ⅛c higher at 78¼c to 78⅛@78⅜c under the mild encouragement of the reciprocal attitude of Liverpool to the fumures here yesterday. The weather west, however, was reported "not unfavorable," and the professionals who alone inhabited the pit sold in a small way, sending May early to 78⅛c. Local receipts were 14 cars, none of contract grade. Minneapolis and Duluth reported 261 cars, making a total for the three points of 275 cars, against 260 last week and 384 a year ago. Argentine shipments were 588,000 bushels compared with 1,296,000 the corresponding week a year ago.

Shortly after the first hour wheat began to sag rapidly under the influence of corn selling and May sold down to 77⅞c, closing weak, ⅛c lower, at 77⅝@77¾c.

Rain in Argentina and the consequent improved prospects of the crop in that country was influetial in the corn market. May opened unchanged to ⅛c higher at 63⅜c to 63⅛c on higher cables, but dropped to 63¼c. Business was professional in character and there was not much of it early. Receipts were 82 cars.

Selling in corn attributed both to St. Louis and to local professional longs, turned the sentiment in corn decidely bearish. May declined steadily as the session advanced and closed weak, 1¼c lower, at 62⅛c.

May oats opened ⅛@¼c lower at 44⅜c and on selling by scalpers dropped to 44⅛c. Selling was in sympathy with other grains and the absence of buying orders. Receipts were 50 cars.

Provisions were dull and prices lower on heavy hog receipts. May pork opened 5c to 10c lower at $15.92½ to $15.97½; May lard 5c down at $9.50, and May ribs 5@7½c depressed at $8.50@8.52½. These prices did not change materially during the first hour.

THE CLOSE.

Prices at the close were as follows:

Wheat—Feb., 74¼c; May, 77⅝@77¾c; July, 77⅞c.

Corn—Feb., 59¼c; May, 62⅛c; July, 62½c; Sept., 61⅛c.

Oil—North Lima, 85c; South Lima and Indiana, 80c.

THE DAY ON WALL STREET.

New York, Feb. 7.—Uniform gains of a small fraction were well distributed all through the active list in the opening dealings. Only a few stocks showed any signs of depression, among which were Amalgamated Copper, Southern Pacific and Metropolitan Street Railway. Illinois Central was lifted 1¼ on running sales and New York, Chicago and St. Louis rose a point.

There was an immediate resumption of the advance of special stocks as on yesterday, with the Vanderbilts showing the greatest strength. Cleveland, C., C. & St. Louis was dealt in ex-dividend of 2 per cent and sold at 103½, making its rise 3 points. St. Paul and Omaha rose 4, Illinois Central, New York, Chicago and St. Louis second preferred, Iowa Central and Third Avenue were 2@2½ higher and United States Express, American Express, Hocking Coal, Canada Southern, Denver and Rio Grande, St. Paul preferred, St. Joseph and Grand Island first preferred, Iowa Central preferred, Pacific Coast and Toledo, St. Louis and Western preferred 1@1½. The strength of these stocks was utilized to cover profit-taking sales in some of the leading railroads and specialties.

Sugar declined to 127¾, but was lifted strongly to 130¼. There were heavy sales of Southern Pacific and Amalgamated Copper, which lowered them a point and dragged the list down again. Some of the strong stocks sold off in sympathy, reactions of about a point occurring in Northwestern, United States Express, Rock Island, Cleveland, C., C. & St. Louis and Sugar.

The pressure against the active stocks was increased causing them to sag quite generally under yesterday's close. The rise in the less important stocks was also checked and there were some notable setbacks. The market became dull at the decline. Just before noon large buying orders were executed in Metropolitan Street Railway and it bounded up 2¾ to 173¾ with some strengthening effect on other stocks. Brooklyn Transit rose 1¼ over last night. Prices sagged again when Amalgamated fell below 73 and Metropolitan Street Railway reacted 1¼.

Bonds were irregular.

WHITNEY'S FORTUNE.

W. C. Whitney's retirement from active business, as now announced by him, does not surprise Wall street. For a long time he has not been active there.

Mr. Hitney had private offices in the Mutual Life building, without even a name on the office door. He was seldom there and only a few persons knew he had a down-town office. Persons familiar with his habits say that frequently a month passed at the offices without a visit from Mr. Whitney. He went down town on an average not more than twice a month in the last eighteen months.

The street estimates Mr. Whitney's fortune at from $25,000,000 to $40,000,000.

So far Mr. Whitney has not retired from the directory of any of the companies with which he has been identified, including the following: Consolidated Gas, Cuba company, Clearwater and Racquette Lake railroad, Fifth Avenue Trust company, Metropolitan Opera and Real Estate company, Metropolitan Steamship company, Morton Trust company, Mutual Life Insurance company, Nassau County bank, National bank of Commerce, National Horse Show association and Third Avenue railroad.—New York Journal.

PRAYER FOR THE REPUBLIC.

One of the most impressive and significant Catholic ceremonies ever held in Washington was that at St. Patrick's church a few Sundays ago. For the first time in the history of the city the "prayer for the republic" was delivered. This ceremony has been held in but few other cities in this country.

Probably the most striking feature of the day was the presence of a large number of distinguished men and women, both of the church and of civil and official life. Cardinal Gibbons was present and pontificated. The ceremonies were witnessed by a congregation which completely filled the edifice. Every seat was occupied, all the available space was occupied by those standing, and hundreds were unable to gain admittance.—Washington Post.

BRONCHITIS

A Disease that is Dangerous.

Vinol's Great Value in Such Cases.

When we talk to a man who has bronchitis, it is unnecessary for us to enter at any length into symptoms.

Our experience has been that sufferers from this trouble become careless. After a time they believe it is a misery they must endure. That is not the case. Many of our friends who will read this will agree with us that it was a good thing for them when they followed our advice and took Vinol. It is indeed wonderful how quickly this modern scientific preparation completely overcomes this disagreeable and dangerous disease.

We wish more of our friends and citizens who suffer from bronchitis, or, in fact, from any throat or pulmonary trouble, would come to us. It would give us pleasure to devote our time in explaining how Vinol cures all such diseases; in fact, any disease that has a tendency to deplete the system. The following letter on this subject is surely of interest:

"For five years I was troubled with a terrible cough and bronchitis. I tried a great many different preparations without getting relief. I could not sleep and I became so weak I could hardly walk, and all this time I was coughing day and night. Then I took Vinol. What a God-send that first bottle was! I had not taken half of it before I noticed a change for the better. I took four bottles in all, and now the improvement in my condition is most encouraging. I no longer cough, and I feel stronger and better than I have for a long time. Miss ANNA RAY, Bangor, Me."

When you call on us, we will give you many other facts fully as interesting as the above. You will thus see why we have such faith in Vinol, and why we never hesitate to refund to anyone the cost of Vinol, if we fail to benefit them.

WATER SHORTAGE

MISSOURI GREAT SUFFERER

RAILWAYS IN THAT STATE ARE FORCED TO HAUL WATER.

NEW LABOR ORGANIZATION

CENTRAL LABOR UNION BORN LAST EVENING.

Motive Power Superintendent J. B. Barnes, of the Wabash, arrived in the city yesterday and will be here a day or two looking after work in general and some improvements that are contemplated at the shops. He says the business of the road is very heavy and the company is not able at all times to furnish cars and power sufficient. Mr. Barnes was at Moberly, on the western division, the early part of the week. He says that portion of the system is experiencing the worst water famine in its history. The natural source of supply for the various water stations has completely failed and the company has trains and crews engaged in hauling water from streams delivering it at the water stations. In this manner they have managed to supply the locomotives, but the water is of an inferior quality, either foaming in the boilers or clogging them up with sand or other sediment. There is little prospect of immediate relief, the whole country thereabouts being in the embrace of King Winter, who locks the water up in the form of ice and snow as fast as it falls.

NEW ISSUE OF BONDS.

New York, Feb. 7.—According to John Byrne, president of the Pittsburg, Shawmut and Northern railroad company, which was closely associated with the failure of the Seventh National bank of this city and that of Marquand & Co., brokers, the Herald says, arrangements have been made for refunding the outstanding bonds and the procuring of new funds for financing the road. The old issue amounts to $6,000,000 at 5 per cent. According to President Byrne there will be a new issue of $10,000,000 at 4 per cent.

NAME WANTED FOR TOWN.

"Name Wanted—Apply to the residents of Chicago Junction," might b inserted in the columns of the daily and weekly papers and this, perhaps, would help our sister city to find a suitable name for their town, says the Bellevue Gazette.

The citizens have been casting about for some time for an appropriate name, but so far have not succeeded. The Sandusky Star says:

"President Loree, of the Baltimore and Ohio railroad, narrowly escaped becoming immortal. The inhabitants of Chicago Junction, who suffer from having their town mistaken for the Windy City in Illinois, were unanimous in changing the name of their native place to 'Loree.' The baptismal papers were about made out, when Mr. Loree issued an order which curtailed the use of passes for the families of railroad men in his employ. The Loree stock went down immediately to zero and the people of Chicago Junction are looking for a new name."

NEW CENTRAL BODY FORMED.

The Central Federation of Labor of Fort Wayne was organized Thursday evening as the outcome of a movement which has been under way for several weeks, and the officers elected were as follows:

President—Henry Hoeltje.
Vice President—Henry Koss.
Financial Secretary—Eugene Derfel.
Corresponding Secretary—F. J. Rousseil.
Recording Secretary—F. Baade.
Treasurer—M. Nagle.
Sergeant-at- Arms—J. Koch.
Executive Board—J. B. Usselman, L. J. Lallow, C. J. Beveintz, Isaac Thomas, John Casey.

The meeting was held at Carpenters' hall in the Tri-State block, with about thirty members present, and Henry Hoeltje presiding. The new organization is to be distinct from the Trades and Labor council, differing from the old central body mainly in the fact that it is to be affiliated with the American Federation of Labor, while the Trades and Labor council has been for years an independant body. Included in the membership of the Central Federation of Labor are the unions of the machinists, cigarmakers, tailors, plasterers, clerks No. 288, carpenters, brewery workers, blacksmiths and lathers. It will hold its next meeting on Wednesday evening.

TWO MEN INJURED.

F. Williams, the man who supplies Pittsburg trains with ice, is off duty on account of injuries received by a fall yesterday. Henry W. Borgen, a truckman in the freight house, had a foot bruised by a piece of machinery falling upon it and will be unable to work for awhile.

RUPTURED BLOOD VESSEL.

Wabash Plain Dealer: "Merton H. Russell, engineer on Wabash westbound local freight, which passed through here about 5:30 o'clock Wednesday evening, ruptured a blood vessel in his stomach while working with the reverse lever and was carried into the telegraph office unconscious. Dr. N. H. Thompson was summoned and attended him. He was bleeding at the mouth and was unconscious for some time. Peru was notified and the injured man taken to his home in that city, where he will recover. An extra engine was sent up from Peru to pull the freight through."

SITUATION IMPROVES.

There has been a decided improvement in the condition of affairs on the railways so far as the movement of trains is concerned. Many of them were late in reaching the city today, but the delays were not near as frequent nor long as they were yesterday and the preceding days.

MUIRHEAD ACCEPTS OFFER.

Dorris A. Muirhead this morning assumed the duties of the position in Trainmaster D. H. Caldwell's office, made vacant by the promotion of Fred Jenne a week ago. Mr. Muirhead is a Fort Wayne boy, being the son of Alexander Muirhead, of the Wabash shops. For some time he was stationed at Bellevue, in the service of the Nickel Plate. The change to Mr. Caldwell's office is a nice promotion to the young man.

THE MACHINISTS' BALL.

The committee on invitation for the annual ball of the machinists' union have received notice of acceptance of the invitation from unions in all the railway centers in this part of the state. Garrett and Huntington unions write that they will send big delegations and Elkhart, South Bend and Logansport will also be well represented. The ball takes place at Saengerbund hall Monday evening.

INDUSTRIAL NOTES.

Truckman McCabe, of the Pittsburg freight house, is sick.

J. C. Gehring, the Butler foundry man, was in the city today.

Fireman J. D. Trimble, of the Pittsburg, is off duty on account of the sickness of his wife.

Maurice Archibald, John Peckham, Al Pressler and Roy Knoll, of the Electric works, are off duty today.

During the past week the Pittsburg shops repaired and turned out engines 227, 58, 268, 278, 5, 154, 178 and 114.

The line shaft in Foreman Kleit's room at the Bass foundry has been repaired and all the machinery is now in operation.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, left last night for Philadelphia on business for the company.

Engineer W. C. Kelker, of the Grand Rapids and Indiana, is kept from his duties on the road on account of the sickness of his child.

G. C. Dudenhoefer, of the Pittsburg planing mills, is off duty for a few days. Yesterday he had a finger cut while working about some machinery.

Chief Dispatcher J. G. Jennings, of the Pittsburg, resumed work this morning after a couple of days' absence on account of injuries sustained by a fall.

Foreman P. J. Scheid, of the Pittsburg roundhouse, this morning added the following to his working force: F. D. Peoples, A. Vining and Henry G. Chapman.

Winton Bennett, who recently returned from the Philippines, has taken employment with the Grand Rapids and Indiana road in the capacity of brakeman.

An engine and a freight car left the rails at Warsaw, on the Pittsburg, last night, at 10 o'clock, and blocked the track for some time. The damage was not great.

The East Car Shops Athletic company will give its first annual reception at its hall on Calhoun street this evening. A good attendance and a good time is assured.

A car load of electric machinery and supplies, including an 1,000-light incandescent and a 35-light [illegible] with the necessary belting left the Fort Wayne Electric works this morning for Kahoka, Mo.

George Stoddard, a former engineer on the eastern division of the Nickel Plate, and well known to the men who run into Bellevue, has retired from railway work and engaged in the restaurant business at Conneaut, Ohio.

Conductors Ed Hindel and J. M. Wells and Brakemen J. Kepler and D. C. Potts reported for work on the Nickel Plate yesterday. Mr. Kepler was off for the purpose of moving. He now resides at 281 West Main street.

The Brightwood shops of the Big Four road are now employing 700 men, the largest number in the history of the works. Even with this big force the shops are inadequate and the men are often required to work overtime.

Engineer H. L. Reed fell at the Nickel Plate yards yesterday and received injuries which will keep him from the cab for a few days. Engineer Bert Baughman, of the same road, has recovered from a sickness and is on duty again.

Engineer John Petgen, of the Grand Rapids and Indiana road, is able to walk about and if he does not have a backset he will be able to take his place at the throttle in a week or two. Mr. Petgen has been afflicted with rheumatism for two months.

E. G. Pierce, George Auer, J. H. Bryant, M. B. Hardendorf, Charles Dickmeyer and E. Snyder are sick and E. J. Hollman, John Wilhelm and G. Dreyer are off duty, the latter on account of the death of his brother-in-law. All are Pittsburg shopmen.

James Gordon, of the Illinois Steel Car and Equipment company, of Chicago, was the guest yesterday of his father, George P. Gordon, of Leith street. James was employed in the Pennsylvania motive power offices in this city before going to the steel company.

The Cincinnati, Hamilton and Dayton road has contracted for twenty new passenger and freight engines of the heaviest pattern. Two of them will run on the Findlay, Fort Wayne and Western road when the new trains are put in service on that line.

C. K. Dreyden, at one time yardmaster at Bellevue for the Nickel Plate and later a local freight conductor, has been appointed yardmaster at Toledo for the Cincinnati, Hamilton and Dayton road, a more lucrative position than the one he held with the Nickel Plate.

Engineers C. C. Ellenwood, C. C. Miller and W. H. Perry and Firemen T. J. White, J. H. Knight, J. F. Wagner, C. F. Keim, D. H. Jenness and A. Armstrong are sick; Fireman F. W. Foss is nursing a sprained wrist, and Fireman G. Bowers is off for the purpose of attending a wedding. They are Pittsburg employes.

ABOUT THE CITY HALL.

The board of works held an uneventful session last evening, at which the principal business was the receiving of a number of bids for minor improvements. For the erection of a toolhouse for the use of the street department there were thirteen bids, raging from $195 to $383, and for the building of a number of street carts there were three bids, ranging from $43 to $55. All the bids were taken under advisement and no contracts were let. The city engineer was instructed to prepare plans for the opening of Hugh and Eliza streets from Winter street to Walton avenue, or if the extensions are found impracticable, to find out another avenue to cut through the unbroken plat three squares in length lying between Winter street and Walton avenue and between Lewis and Hayden streets.

This afternoon the board of works, accompanied by City Engineer Randall and Councilman Borkenstein, are visiting the Tenth ward with a view of settling upon the proposition to straighten Buchanan street between Hanna and Force. The south property line of the square between Hanna and Force facing to the south on Buchanan street projects some twenty-five or forty feet out of a direct east and west line, and it is proposed before the street is paved to endeavor to adjust the street lines. To do this it may be necessary for the city to buy the intervening spur. The strip is for sale, but the owners' figure is held to be too high by the board of works. If necessary the property will be condemned.

City Attorney Shambaugh returned from Pittsburg last night, where he was engaged for several days in taking depositions in a case in which the old firm of Boseker & Moellering were defendants, growing out of the construction of the Lafayette government building. He and Attorney Doughman are now engaged in drawing up the franchise for the Southwestern road along the lines suggested by the special committee at its session last Sunday. Mayor Berghoff says that he thinks a satisfactory franchise and contract will be drawn, ready for submittal within a few days, and it may be ready for discussion at the meeting of the council on Tuesday next.

HE DISAPPEARED YEARS AGO

REV. EDWARD H. WALDO IS HEARD FROM BY FRIENDS.

Left New York in 1896 and Nothing Concerning Him Had Been Learned—In San Francisco.

New York, Feb. 7.—After five years' absence, Rev. Edward W. Waldo, who formerly was connected with the University Settlement society, of this city, has been heard from at San Francisco. Although detectives have searched this country and Europe, Dr. Waldo himself, after the long silence following his mysterious disappearance from New York in the summer of 1896, first sent word to his family, who had long ago given him up as dead, and his brother, Geo. B. Waldo, an artist of this city, has started for San Francisco.

It was to his aged father, Simos S. Waldo, one of the leading business men of New Haven, Conn., that the missing minister sent the letter. Realizing their probable fears of a joke, he had taken the precaution to have the letter countersigned by a San Francisco minister, with whom he is temporarily staying.

Dr. Waldo left the headquarters of the New York University Settlement society on the afternoon of July 13, 1896, and between there and his home he disappeared. Detectives traced him as far as a Mississippi river town, where he was supposed to have boarded a boat for New Orleans, but there the clew ended.

Once before Dr. Waldo had a similar experience. He labored in Chicago before coming to this city, and while doing mission work there he disappeared. He had been raising a large fund for the purpose of providing provisions for the poor of Chicago. Some weeks later Dr. Waldo was found wandering aimlessly about the streets of Tallahassee, Fla. It was three weeks before he could tell his name.

Our January Sale is over, with a last day round up, that was a fitting climax for the greatest business we have ever known in our present or former history. While our regular reduction sale is closed it is not the close of the

BARGAIN SEASON.

Our business year does not end until March 1, when we take inventory. Until then you will find extra bargains in all our departments.

We are aware that this has been a year of good trade throughout the whole country, every one in business has been a sharer in it, and we are not so selfish as to regret the prosperity that has come to our neighbors and competitors, especially so, when we have had so satisfactory a portion of it ourselves.

This, however, has only been a

Whetting of Our Appetites,

giving us a legitimate craving for more.

This natural desire of business men to see their enterprises grow and increase under their close application and effort, will be more realized by us in the coming year if

Best Goods and Low Prices

will accomplish it.

While we believe no medium for bringing ourselves and our wares to the notice of the public, is superior to the regular newspaper advertisement, yet there are means that can be used as adjuncts, that are pleasing and advantageous. And when we consider them legitimate, popular and profitable we will not hesitate to adopt them.

We propose to continue the presenting of the

BRONCHITIS

A Disease that is Dangerous.

Vinol's Great Value in Such Cases.

When we talk to a man who has bronchitis, it is unnecessary for us to enter at any length into symptoms.

Our experience has been that sufferers from this trouble become careless. After a time they believe it is a misery they mustendure. That is not the case. Many of our friends who will read this will agree with us that it was a good thing for them when they followed our advice and took Vinol. It is indeed wonderful how quickly this modern scientific preparation completely overcomes this disagreeable and dangerous disease.

We wish more of our friends and citizens who suffer from bronchitis, or, in fact, from any throat or pulmonary trouble, would come to us. It would give us pleasure to devote our time in explaining how Vinol cures all such diseases; in fact, any disease that has a tendency to deplete the system. The following letter on this subject is surely of interest:

"For five years I was troubled with a terrible cough and bronchitis. I tried a great many different preparations without getting relief. I could not sleep and I became so weak I could hardly walk, and all this time I was coughing day and night. Then I took Vinol. What a Godsend that first bottle was! I had not taken half of it before I noticed a change for the better. I took four bottles in all, and now the improvement in my condition is most encouraging. I no longer cough, and I feel stronger and better than I have for a long time. Miss ANNA RAY, Bangor, Me."

When you call on us, we will give you many other facts fully as interesting as the above. You will thus see why we have such faith in Vinol, and why we never hesitate to refund to anyone the cost of Vinol, if we fail to benefit them.

Chief Dispatcher J. G. Jennings, of the Pittsburg, resumed work this morning after a couple of days' absence on account of injuries sustained by a fall.

Foreman P. J. Scheid, of the Pittsburg roundhouse, this morning added the following to his working force: F. D. Peoples, A. Vining and Henry G. Chapman.

Winton Bennett, who recently returned from the Philippines, has taken employment with the Grand Rapids and Indiana road in the capacity of brakeman.

An engine and a freight car left the rails at Warsaw, on the Pittsburg, last night, at 10 o'clock, and blocked the track for some time. The damage was not great.

The East Car Shops Athletic company will give its first annual reception at its hall on Calhoun street this evening. A good attendance and a good time is assured.

A car load of electric machinery and supplies, including an 1,000-light incandescent and a 35-light arc machine, with the necessary lamps, left the Fort Wayne Electric works this morning for Kahoka, Mo.

George Stoddard, a former engineer on the eastern division of the Nickel Plate, and well known to the men who run into Bellevue, has retired from railway work and engaged in the restaurant business at Conneaut, Ohio.

Conductors Ed Hindel and J. M. Wells and Brakemen J. Kepler and D. C. Potts reported for work on the Nickel Plate yesterday. Mr. Kepler was off for the purpose of moving. He now resides at 281 West Main street.

The Brightwood shops of the Big Four road are now employing 700 men, the largest number in the history of the works. Even with this big force the shops are inadequate and the men are often required to work overtime.

Engineer H. L. Reed fell at the Nickel Plate yards yesterday and received injuries which will keep him from the cab for a few days. Engineer Bert Baughman, of the same road, has recovered from a sickness and is on duty again.

Engineer John Petgen, of the Grand Rapids and Indiana road, is able to walk about and if he does not have a backset he will be able to take his place at the throttle in a week or two. Mr. Petgen has been afflicted with rheumatism for two months.

E. G. Pierce, George Auer, J. H. Bryant, M. R. Hardendorf, Charles Dickmeyer and E. Snyder are sick and E. J. Hollman, John Wilhelm and G. Dreyer are off duty, the latter on account of the death of his brother-in-law. All are Pittsburg shopmen.

James Gordon, of the Illinois Steel Car and Equipment company, of Chicago, was the guest yesterday of his father, George P. Gordon, of Leith street. James was employed in the Pennsylvania motive power offices in this city before going to the steel company.

The Cincinnati, Hamilton and Dayton road has contracted for twenty new passenger and freight engines of the heaviest pattern. Two of them will run on the Findlay, Fort Wayne and Western road when the new trains are put in service on that line.

C. K. Dreyden, at one time yardmaster at Bellevue for the Nickel Plate and later a local freight conductor, has been appointed yardmaster at Toledo for the Cincinnati, Hamilton and Dayton road, a more lucrative position than the one he held with the Nickel Plate.

Engineers C. C. Ellenwood, C. C. Miller and W. H. Perry and Firemen T. J. White, J. H. Knight, J. F. Wagner, C. F. Keim, D. H. Jenness and A. Armstrong are sick; Fireman F. W. Foss is nursing a sprained wrist, and Fireman G. Bowers is off for the purpose of attending a wedding. They are Pittsburg employes.

ABOUT THE CITY HALL.

The board of works held an uneventful session last evening, at which the principal business was the receiving of a number of bids for minor improvements. For the erection of a toolhouse for the use of the street department there were thirteen bids, raging from $195 to $383, and for the building of a number of street carts there were three bids, ranging from $43 to $55. All the bids were taken under advisement and no contracts were let. The city engineer was instructed to prepare plans for the opening of Hugh and Eliza streets from Winter street to Walton avenue, or if the extensions are found impracticable, to find out another avenue to cut through the unbroken plat three squares in length lying between Winter street and Walton avenue and between Lewis and Hayden streets.

This afternoon the board of works, accompanied by City Engineer Randall and Councilman Borkenstein, are visiting the Tenth ward with a view of settling upon the proposition to straighten Buchanan street between Hanna and Force. The south property line of the square between Hanna and Force facing to the south on Buchanan street projects some twenty-five or forty feet out of a direct east and west line, and it is proposed before the street is paved to endeavor to adjust the street lines. To do this it may be necessary for the city to buy the intervening spur. The strip is for sale, but the owners' figure is held to be too high by the board of works. If necessary the property will be condemned.

City Attorney Shambaugh returned from Pittsburg last night, where he was engaged for several days in taking depositions in a case in which the old firm of Boseker & Moellering were defendants, growing out of the construction of the Lafayette government building. He and Attorney Doughman are now engaged in drawing up the franchise for the Southwestern road along the lines suggested by the special committee at its session last Sunday. Mayor Berghoff says that he thinks a satisfactory franchise and contract will be drawn, ready for submittal within a few days, and it may be ready for discussion at the meeting of the council on Tuesday next.

HE DISAPPEARED YEARS AGO

REV. EDWARD H. WALDO IS HEARD FROM BY FRIENDS.

Left New York in 1896 and Nothing Concerning Him Had Been Learned—In San Francisco.

New York, Feb. 7.—After five years' absence, Rev. Edward W. Waldo, who formerly was connected with the University Settlement society, of this city, has been heard from at San Francisco. Although detectives have searched this country and Europe, Dr. Waldo himself, after the long silence following his mysterious disappearance from New York in the summer of 1896, first sent word to his family, who had long ago given him up as dead, and his brother, Geo. B. Waldo, an artist of this city, has started for San Francisco.

It was to his aged father, Simos S. Waldo, one of the leading business men of New Haven, Conn., that the missing minister sent the letter. Realizing their probable fears of a joke, he had taken the precaution to have the letter countersigned by a San Francisco minister, with whom he is temporarily staying.

Dr. Waldo left the headquarters of the New York University Settlement society on the afternoon of July 13, 1896, and between there and his home he disappeared. Detectives traced him as far as a Mississippi river town, where he was supposed to have boarded a boat for New Orleans, but there the clew ended.

Once before Dr. Waldo had a similar experience. He labored in Chicago before coming to this city, and while doing mission work there he disappeared. He had been raising a large fund for the purpose of providing provisions for the poor of Chicago. Some weeks later Dr. Waldo was found wandering aimlessly about the streets of Tallahassee, Fla. It was three weeks before he could tell his name.

WAYNE DRY GOODS CO.

Our January Sale is over, with a last day round up, that was a fitting climax for the greatest business we have ever known in our present or former history. While our regular reduction sale is closed it is not the close of the

BARGAIN SEASON.

Our business year does not end until March 1, when we take inventory. Until then you will find extra bargains in all our departments.

We are aware that this has been a year of good trade throughout the whole country, every one in business has been a sharer in it, and we are not so selfish as to regret the prosperity that has come to our neighbors and competitors, especially so, when we have had so satisfactory a portion of it ourselves.

This, however, has only been a

Whetting of Our Appetites,

giving us a legitimate craving for more.

This natural desire of business men to see their enterprises grow and increase under their close application and effort, will be more realized by us in the coming year if

Best Goods and Low Prices

will accomplish it.

While we believe no medium for bringing ourselves and our wares to the notice of the public, is superior to the regular newspaper advertisement, yet there are means that can be used as adjuncts, that are pleasing and advantageous. And when we consider them legitimate, popular and profitable we will not hesitate to adopt them.

We propose to continue the presenting of the

Green Trading Stamps

to all our "cash" customers and also call attention to the really elegant and beautiful portrait enlarged to life size from the photograph of yourself, member of your family or friend, as you choose, that you are entitled to free of cost with each $25 worth of goods bought from us. Take your choice for the amount of your cash purchase from us.

LAND IS 'PHONE CONDUCTOR.

Indianapolis, Ind., Feb. 7.—Telephoning without wires or any means of communication other than the atmosphere is in practical demonstration on a farmers' telephone line south of New Castle. During the early winter the telephone company put in a number of farmers' lines in the vicinty of Spiceland and Lewisville, but there was some delay in the arrival of the switchboard, and the subscribers, through the suggestion of a local genius, grounded the wires. From that moment there was free and satisfactory communication between all the 'phones on that particular line. This fact served to direct attention to the peculiar electrical properties of the neighborhood. Again, two other lines were erected north of Lewisville, which are not connected and at no part of their course are nearer than half a mile to each other, and yet communication is frequently possible.

TO DIE IGNOMINOUS DEATH

TWO MILITARY EXECUTIONS IN PHILIPPINES.

Two American Soldiers Who Deserted to the Insurgents Were to Be Hanged Today.

Washington, Feb. 7.—Two soldiers undoubtedly were hanged in the Philippines today in execution of sentences imposed by military commissions by which they were tried and convicted of deserting to the enemy. Their names were Edmond A. Dubose and Lewis Russell and both were attached to company E, of the Ninth cavalry, a negro regiment. While their company was operating against the insurgents in the province of Albay in August last the two men deserted and were afterward discovered serving in the ranks of the enemy.

The military commission before which they were tried sat at Guinobatan in the province of Albay. They were found guilty of the charge and each was sentenced to be hanged Friday, Feb. 7. The findings and sentences were approved by General Chaffee. In view of the fact, however, that this was the first case where the commanding general had directed the execution of the sentence of death against an enlisted man without reference to the war department, the case was laid before President Roosevelt in time to prevent the execution in case he desired to do so. The president, after consultation with the secretary of war, declined to interfere and a cable message to this effect was sent to General Chaffee Wednesday.

Although no official information to that effect had been received it is assumed at the war department that the sentence of death in each case was carried into effect today.

ABOUT THE COURT HOUSE.

Judge Aiken is at Huntington sitting as special judge in several cases while Judge Branyan, of the Huntington circuit, is sitting in Judge Aiken's court here, trying the Pollers divorce case.

Abraham Lorenze has commenced suit against Isadore Lehman to recover $1,500.

Judge Branyan, of Huntington county, is still engaged in hearing the testimony in the Pillers divorce case. Public interest in the case continues to be morbidly attracted and the court room has never been devoid of a curious assemblage. Since yesterday forenoon up to nearly noon today the testimony was on the original complaint filed by Mrs. Pillers but before noon today the cross-complaint was introduced and the examination is now on that document. Judge Branyan persists in admitting any evidence pertaining to the case and says he can stand it if the parties to the suit can. Much of it is rather racy, but up to this writing the worst that has been proved against Mrs Pillers is that she one evening allowed a certain Mr. Cooper to sit on her lap during the absence of her husband.

A reflex of the Fry will case, decided in the circuit court a couple of weeks ago, came today in the appointment of Jacob B. Fry as guardian of John and Louisa Brouwer, and of Elizabeth Brouwer as guardian of August and Lizzie Brouwer, all minor heirs of Frederick Fry, whose will was in litigation.

Swift & Co. have commenced suit against Herman and Rose Gloecke on account, demanding $250.

The county commissioners are dealing in ditch matters today, according to the regular monthly schedule. In the matter of the Flaugh ditch, in Wayne, Washington, Aboit and Lake townships, John Mackintosh, Hugh M. Rockhill and William Kennerk were appointed reviewers. The Johnson ditch, in Lake township, was established on the report of the reviewers, as was the Dennis ditch, in Lafayette township, and the Harber ditch, in Pleasant township.

FUNERAL OF MR. SPANN.

The funeral of the late John M. Spann, president of the board of trustees of the Indiana home for feeble minded, will be held in Indianapolis Monday afternoon at 2 o'clock. Superintendent Johnson, of the home, and Trustees Mary R. Harper and E. M. Wilson will attend the funeral. The board yesterday adopted the following resolutions:

"The news of the sudden death of our beloved friend and honored president, John M. Spann, comes to the board with overpowering sadness and force.

"For six years as treasurer and for one year as president of the board, his interest in this institution, which is so near to our hearts, has been unremitting. He has had no thought in his official connection with it but how to promote the welfare of its wards and of the state, and to do all the good possible with the means at our command. In him the state has lost a trustworthy and patriotic servant.

"To us personally and as a board of trustees he has always been the wise councillor, the warm-hearted fellow worker, always considerate, courteous, cheerful and kind. We mourn in him the loss of a faithful and sincere friend.

"Our deepest sympathy goes out to his bereaved wife and family. We pray that they may find comfort from that high source from which only can come help in times of poignant grief. May the tender mercies of our heavenly Father encompass them; may they rest in the everlasting arms."

WANT FRIARS EXPELLED.

Manila, Feb. 7.—The insular presidentes will present a petition to Mgr. Sbarretti, the apostolic delegate in the Philippines, on his arrival here from Rome, praying for the expulsion of the friars and friar bishops, in the interests of the church, as the Filipinos consider them unfit to serve in the house of God. A majority of the presidentes have already signed the petition.

HAD TOO MUCH CHEEK.

A certain English bishop, remarkable for his precise and dignified bearing, was once sitting in the studio of an eminent artist as a living model for his own portrait. Perfect silence reigned for a whole hour, while the knight of the palette diligently went on with his work. At last the bishop, becoming weary of the dreary monotony, ventured to remark:

"How are you getting on?"

Absent-mindedly the artist replied:

"Move your head a little that way and shut your mouth."

His lordship, annoyed at the apparent discourtesy, then said:

"May I ask why you address me in such a manner?"

Still absorbed in his work, the artist unconcernedly answered:

"I want to take off a little of your cheek."

A. J. BALFOUR'S COURTESY.

A newspaper man who desired to interview the Rt. Hon. Arthur J. Balfour was, by a servant's error, shown into Mr. Balfour's study while another visitor was with him. With a foolish want of tact the reporter tried to induce the leader of the house of commons to talk while this third person was still in the room.

"Will you," replied Mr. Balfour to a query of the newspaper man, in his sweetest, gentlest manner, "be so kind as to go outside the door and close it."

The Weather..

Is not spring-like just now, but our store is rapidly putting on its spring dress. Bright, new spring fabrics will greet you in every department to remind you of bright days to come.

New Wash Silks

Are here in a lavish assortment of pretty styles. You'll find them of better quality than you usually see at the price.

Muslin Underwear

If you appreciate under muslins that are well made and daintily trimmed, our showing will interest you. We offer some exceptional values in Gowns, Skirts and Corset Covers. They are new arrivals; see them while they are fresh and clean.

Spring, 1902 Ginghams

A bigger and better variety of these serviceable fabrics than we have ever shown before, pretty in style, dainty in coloring, and excellent in quality. Priced from 7c to 25c a yard. Make your selections early before the assortment is broken.

Take a Glance

At the new Embroideries, you will admire them, we know, for the styles are dainty, the qualities superb and the values better than we or you have ever known before. They are at the lace counter, first aisle right.

.....THE GROUND HOG SAYS.....

Six weeks more of shrieking cold weather, and it does look a little as though he HAD gone way back and—

Do you intend to try and freeze through with that old, worn, thing underwear of yours? It would be foolish, don't you think, when you can buy a couple of warm suits here for ¾ the regular price. Besides you MIGHT catch an awful cold and die.

If You Would Be Happy

Be careful what you eat. There's a theory afloat that low grade food makes a low grade man. It may not be true. Still, owners of fine horses are particular about the feed—and man is just another kind of animal.

It's just as well to be on the safe side and buy groceries made from pure food.

LAND IS 'PHONE CONDUCTOR.

Indianapolis, Ind., Feb. 7.—Telephoning without wires or any means of communication other than the atmosphere is in practical demonstration on a farmers' telephone line south of New Castle. During the early winter the telephone company put in a number of farmers' lines in the vicinty of Spiceland and Lewisville, but there was some delay in the arrival of the switchboard, and the subscribers, through the suggestion of a local genius, grounded the wires. From that moment there was free and satisfactory communication between all the 'phones on that particular line. This fact served to direct attention to the peculiar electrical properties of the neighborhood. Again, two other lines were erected north of Lewisville, which are not connected and at no part of their course are nearer than half a mile to each other, and yet communication is frequently possible.

TO DIE IGNOMINOUS DEATH

TWO MILITARY EXECUTIONS IN PHILIPPINES.

Two American Soldiers Who Deserted to the Insurgents Were to Be Hanged Today.

Washington, Feb. 7.—Two soldiers undoubtedly were hanged in the Philippines today in execution of sentences imposed by military commissions by which they were tried and convicted of deserting to the enemy. Their names were Edmond A. Dubose and Lewis Russell and both were attached to company E, of the Ninth cavalry, a negro regiment. While their company was operating against the insurgents in the province of Albay in August last the two men deserted and were afterward discovered serving in the ranks of the enemy.

The military commission before which they were tried sat at Guinobatan in the province of Albay. They were found guilty of the charge and each was sentenced to be hanged Friday, Feb. 7. The findings and sentences were approved by General Chaffee. In view of the fact, however, that this was the first case where the commanding general had directed the execution of the sentence of death against an enlisted man without reference to the war department, the case was laid before President Roosevelt in time to prevent the execution in case he desired to do so. The president, after consultation with the secretary of war, declined to interfere and a cable message to this effect was sent to General Chaffee Wednesday.

Although no official information to that effect had been received it is assumed at the war department that the sentence of death in each case was carried into effect today.

ABOUT THE COURT HOUSE.

Judge Aiken is at Huntington sitting as special judge in several cases while Judge Branyan, of the Huntington circuit, is sitting in Judge Aiken's court here, trying the Pollers divorce case.

Abraham Lorenze has commenced suit against Isadore Lehman to recover $1,500.

Judge Branyan, of Huntington county, is still engaged in hearing the testimony in the Pillers divorce case. Public interest in the case continues to be morbidly attracted and the court room has never been devoid of a curious assemblage. Since yesterday forenoon up to nearly noon today the testimony was on the original complaint filed by Mrs. Pillers but before noon today the cross-complaint was introduced and the examination is now on that document. Judge Branyan persists in admitting any evidence pertaining to the case and says he can stand it if the parties to the suit can. Much of it is rather racy, but up to this writing the worst that has been proved against Mrs Pillers is that she one evening allowed a certain Mr. Cooper to sit on her lap during the absence of her husband.

A reflex of the Fry will case, decided in the circuit court a couple of weeks ago, came today in the appointment of Jacob B. Fry as guardian of John and Louisa Brouwer, and of Elizabeth Brouwer as guardian of August and Lizzie Brouwer, all minor heirs of Frederick Fry, whose will was in litigation.

Swift & Co. have commenced suit against Horman and Rose Gloecke on account, demanding $250.

The county commissioners are dealing in ditch matters today, according to the regular monthly schedule. In the matter of the Flaugh ditch, in Wayne, Washington, Aboit and Lake townships, John Mackintosh, Hugh M. Rockhill and William Kennerk were appointed reviewers. The Johnson ditch, in Lake township, was established on the report of the reviewers, as was the Dennis ditch, in Lafayette township, and the Harber ditch, in Pleasant township.

FUNERAL OF MR. SPANN.

The funeral of the late John M. Spann, president of the board of trustees of the Indiana home for feeble minded, will be held in Indianapolis Monday afternoon at 2 o'clock. Superintendent Johnson, of the home, and Trustees Mary R. Harper and E. M. Wilson will attend the funeral. The board yesterday adopted the following resolutions:

"The news of the sudden death of our beloved friend and honored president, John M. Spann, comes to the board with overpowering sadness and force.

"For six years as treasurer and for one year as president of the board, his interest in this institution, which is so near to our hearts, has been unremitting. He has had no thought in his official connection with it but how to promote the welfare of its wards and of the state, and to do all the good possible with the means at our command. In him the state has lost a trustworthy and patriotic servant.

"To us personally and as a board of trustees he has always been the wise counciller, the warm-hearted fellow worker, always considerate, courteous, cheerful and kind. We mourn in him the loss of a faithful and sincere friend.

"Our deepest sympathy goes out to his bereaved wife and family. We pray that they may find comfort from that high source from which only can come help in times of poignant grief. May the tender mercies of our heavenly Father encompass them; may they rest in the everlasting arms."

WANT FRIARS EXPELLED.

Manila, Feb. 7.—The insular presidentes will present a petition to Mgr. Sbarretti, the apostolic delegate in the Philippines, on his arrival here from Rome, praying for the expulsion of the friars and friar bishops, in the interests of the church, as the Filipinos consider them unfit to serve in the house of God. A majority of the presidentes have already signed the petition.

HAD TOO MUCH CHEEK.

A certain English bishop, remarkable for his precise and dignified bearing, was once sitting in the studio of an eminent artist as a living model for his own portrait. Perfect silence reigned for a whole hour, while the knight of the palette diligently went on with his work. At last the bishop, becoming weary of the dreary monotony, ventured to remark:

"How are you getting on?"

Absent-mindedly the artist replied:

"Move your head a little that way and shut your mouth."

His lordship, annoyed at the apparent discourtesy, then said:

"May I ask why you address me in such a manner?"

Still absorbed in his work, the artist unconcernedly answered:

"I want to take off a little of your cheek."

A. J. BALFOUR'S COURTESY.

A newspaper man who desired to interview the Rt. Hon. Arthur J. Balfour was, by a servant's error, shown into Mr. Balfour's study while another visitor was with him. With a foolish want of tact the reporter tried to induce the leader of the house of commons to talk while this third person was still in the room.

"Will you," replied Mr. Balfour to a query of the newspaper man, in his sweetest, gentlest manner, "be so kind as to go outside the door and close it."
